Drama Club Haunts Village

This year Drama Club had a big project in hosting a "trick or treating" party Halloween night for children in preschool age through 3rd grade. Assisting with the project were the Student Council, National Honor Society and FHA.

There was a lot of planning and hard work, such as organize the tickets and buy the treats. But they also carved about 200 pumpkins. The treats were donated by Mc Donalds, K Mart, The Optimists and other local businesses.

"It is fun to be part of the organization of the "trick or treat" party. In Drama Club you get to do things that you get to see to completion," said Che Regnier.

To the question on why have Drama Club, Meredith Rubis answered: "You can get together with other people who are interested in drama and not only discuss drama, but share the experience."

Flagsquad celebrates games

The 1987 Flagsquad has been very busy with learning all of the new and difficult routines. The Flagsquad worked with the Trojan Marching Band for a field show put on at home Trojan football games.

There were many small details that had to work out just right; "It was not easy, but with practice and hard work it went great," said Director Larry Weber.

With new outfits and hats they were "especially sharp looking," said Weber.

Spirit Week Greets Fall

Spirit Week got under way on Monday, September 21, with the coronation of the king, Kevin Feit, and queen, Tracey Timmons, which correlated with Dress Up Day.

Tuesday was Dress Down Day, which gave the students a chance to wear their ripped jeans, old sweats, holey shoes, and faded t-shirts.

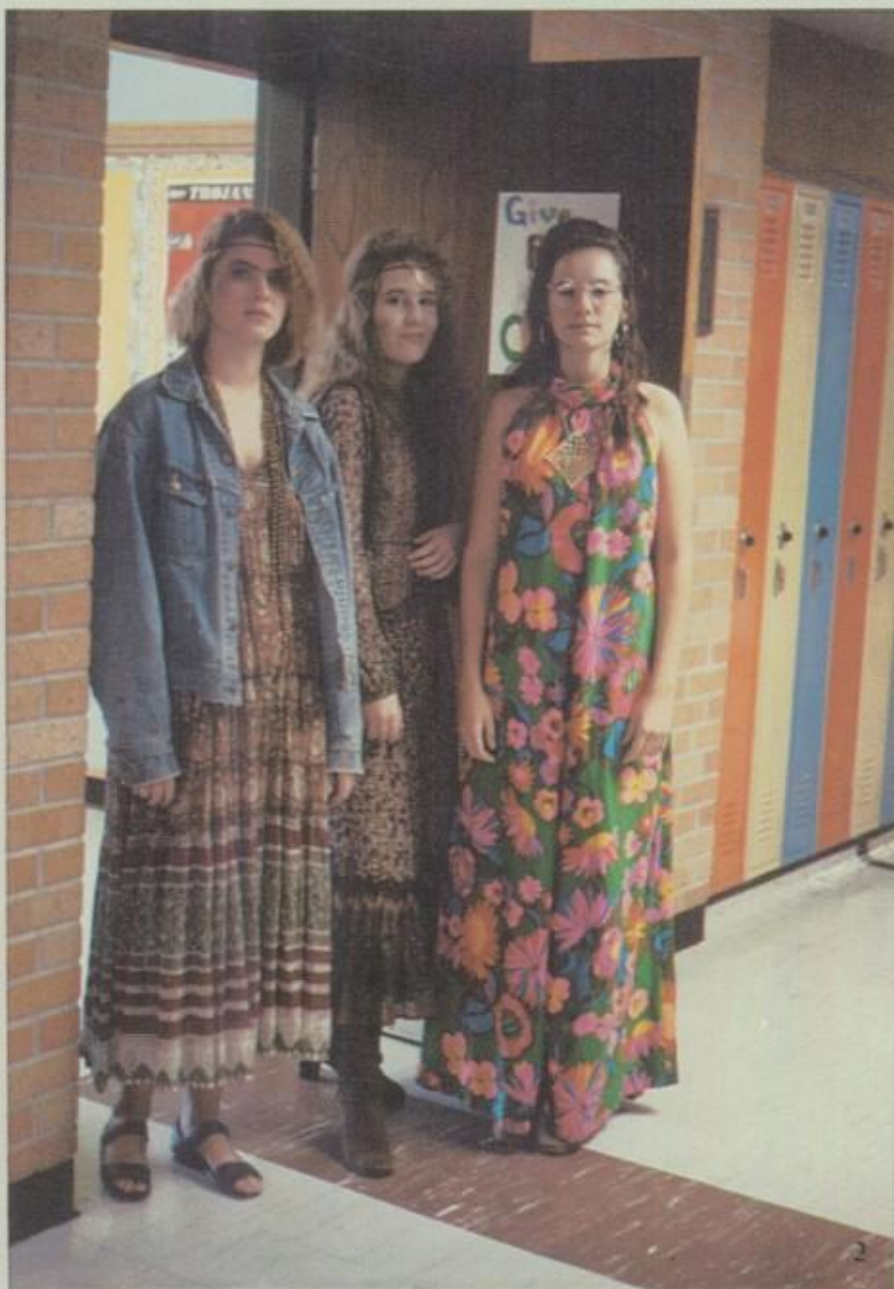

Wednesday was Hippie Day which consisted of flowers, bell-bottoms, and peace signs of the 60's.

Thursday was Halloween Dress Rehearsal followed by Friday with 50's Day and a pep fest. Everyone wore their poodle skirts, white t-shirts and greased back hair, which was the fashion then. With the winning of the big game and a Homecoming dance afterwards, Spirit Week was a big success!

Recounting The History Of Turkey Day

This is somewhat of a history of KING TURKEY DAY, with most of the information coming from the Worthington Chamber of Commerce.

It all began back in the thirties after the depression. "Worthington began it's climb out of the mess by raising and processing Turkeys." One of the early processing plants was the E.O. Olson plant, which was owned and operated by E.O. Olson. In 1938 he was passing through Texas and happened to go through a town by the name of Cuero when it was celebrating it's Turkey Trot. "Olson was intrigued by the promotional aspects of the festival and brought the idea back to Worthington. Local businessmen liked the idea of an annual fall festival. You see Worthington had staged fall festivals of different sorts off and on for many years," but business wanted something better that they could use to say thank you to the areas farmers with.

"With the exception of the war years Turkey day has been held annually since 1939. Originally newsreel cameras were present to record Turkey Day for world audiences. Later, with the advent of TV even larger audiences were exposed to the festival. Newspapers sent reporters and cameramen. News services picked it up and radio stations did direct broadcasts. National Magazines such as Time, Newsweek, and Sports Illustrated. It has also been featured on the three major networks including "Good Morning, America", "Today", and "PM Magazine" shows."

"Eventually King Turkey Day became a virtual necessity for those who aspired to political office such as: Lyndon B. Johnson, Robert Kennedy, Hubert Humphrey, Richard M. Nixon, Adlai Stevenson, Nelson and Winthrop Rockefeller, and the Reverend Jesse Jackson."

I walked in the meadows today.

I absorbed all of the wondrous offerings
of beauty, and innocence.

The time passed quickly . . .

I walked through past memories today.

I partook of all its beautiful offerings
of love, and friendships.

Oh, how, the time passes so quickly.

WHS Band Strides Through Fall

This year the band has been very active. They participated in both the Turkey Day Parade and the Tristate Band Festival in Luverne.

This year was the first time that the Marching band entertained at the Football games with a full fieldshow.

Mr. Weber said about the fieldshow, "This group deserves much credit and thanks for all the additional time spent learning the difficult routines."

The Concert band moved up to perform more advanced and difficult music then the years before.

"This years band is one of the best bands that I have ever had," said Mr. Weber.

Pumpkin Haunts Halls

What do you think of when you hear of Lynn Schmid? How about the bright orange, great pumpkin shirt that he's been wearing for five years.

What does Crusher think about this, you ask? "She thinks it's just another one of the weird things I do," said Schmid.

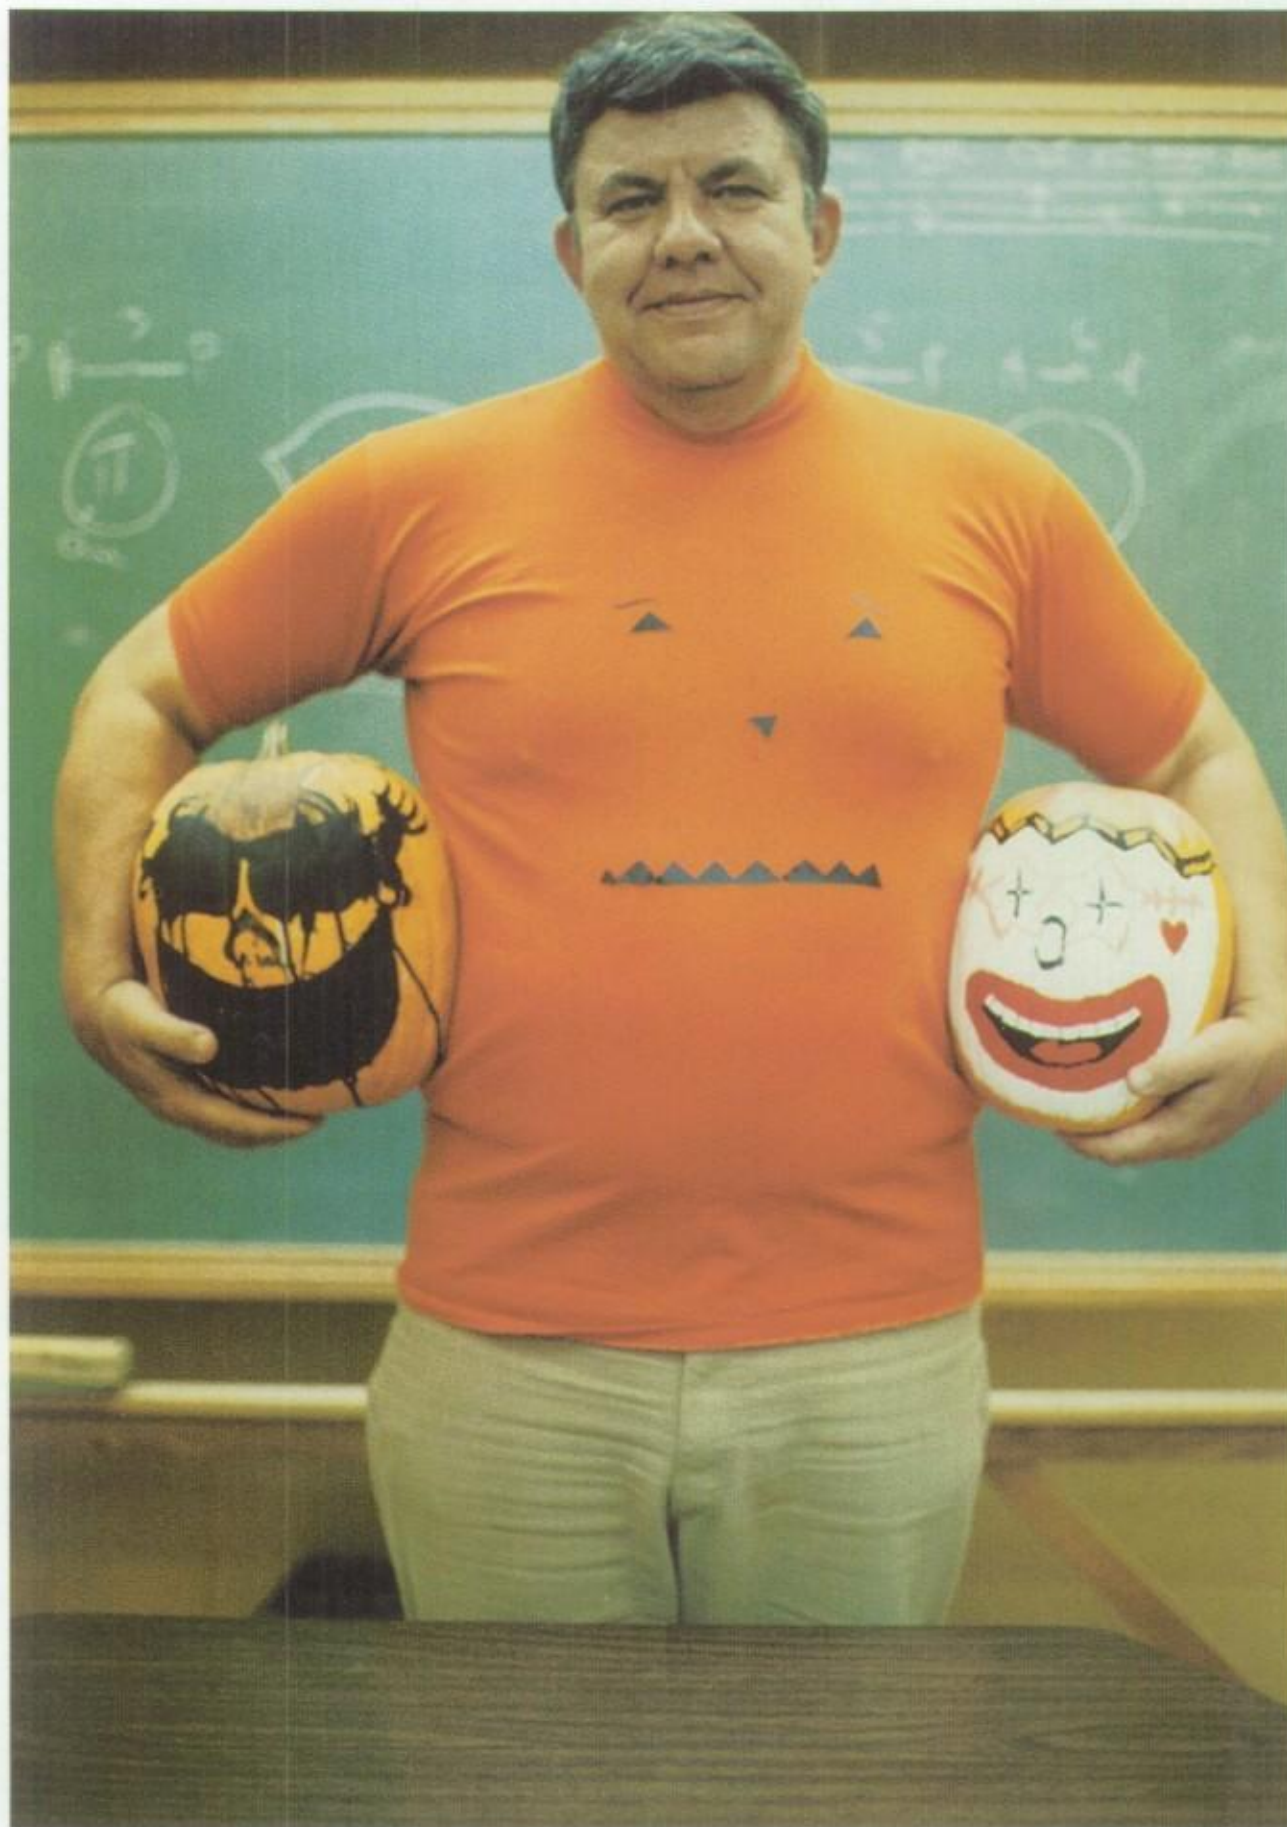

Lynn Schmid has been here for 18 years at WHS. He says he got into teaching because he likes kids. "I like working with young people," stated Schmid with a smile. Lynn Schmid gets along with all the students here at WHS. "My humor and gigantic size is the reason you see," said Schmid with a broad smile, looking at his class.

Lynn Schmid likes the school system, he said, because the students are much better behaved and the atmosphere is much more relaxing. He also said that students now care about other people and more about themselves than they used to. The only bad point is that the school is smaller and that means not as many courses. He also said with a chuckle, "The teachers are getting older, too."

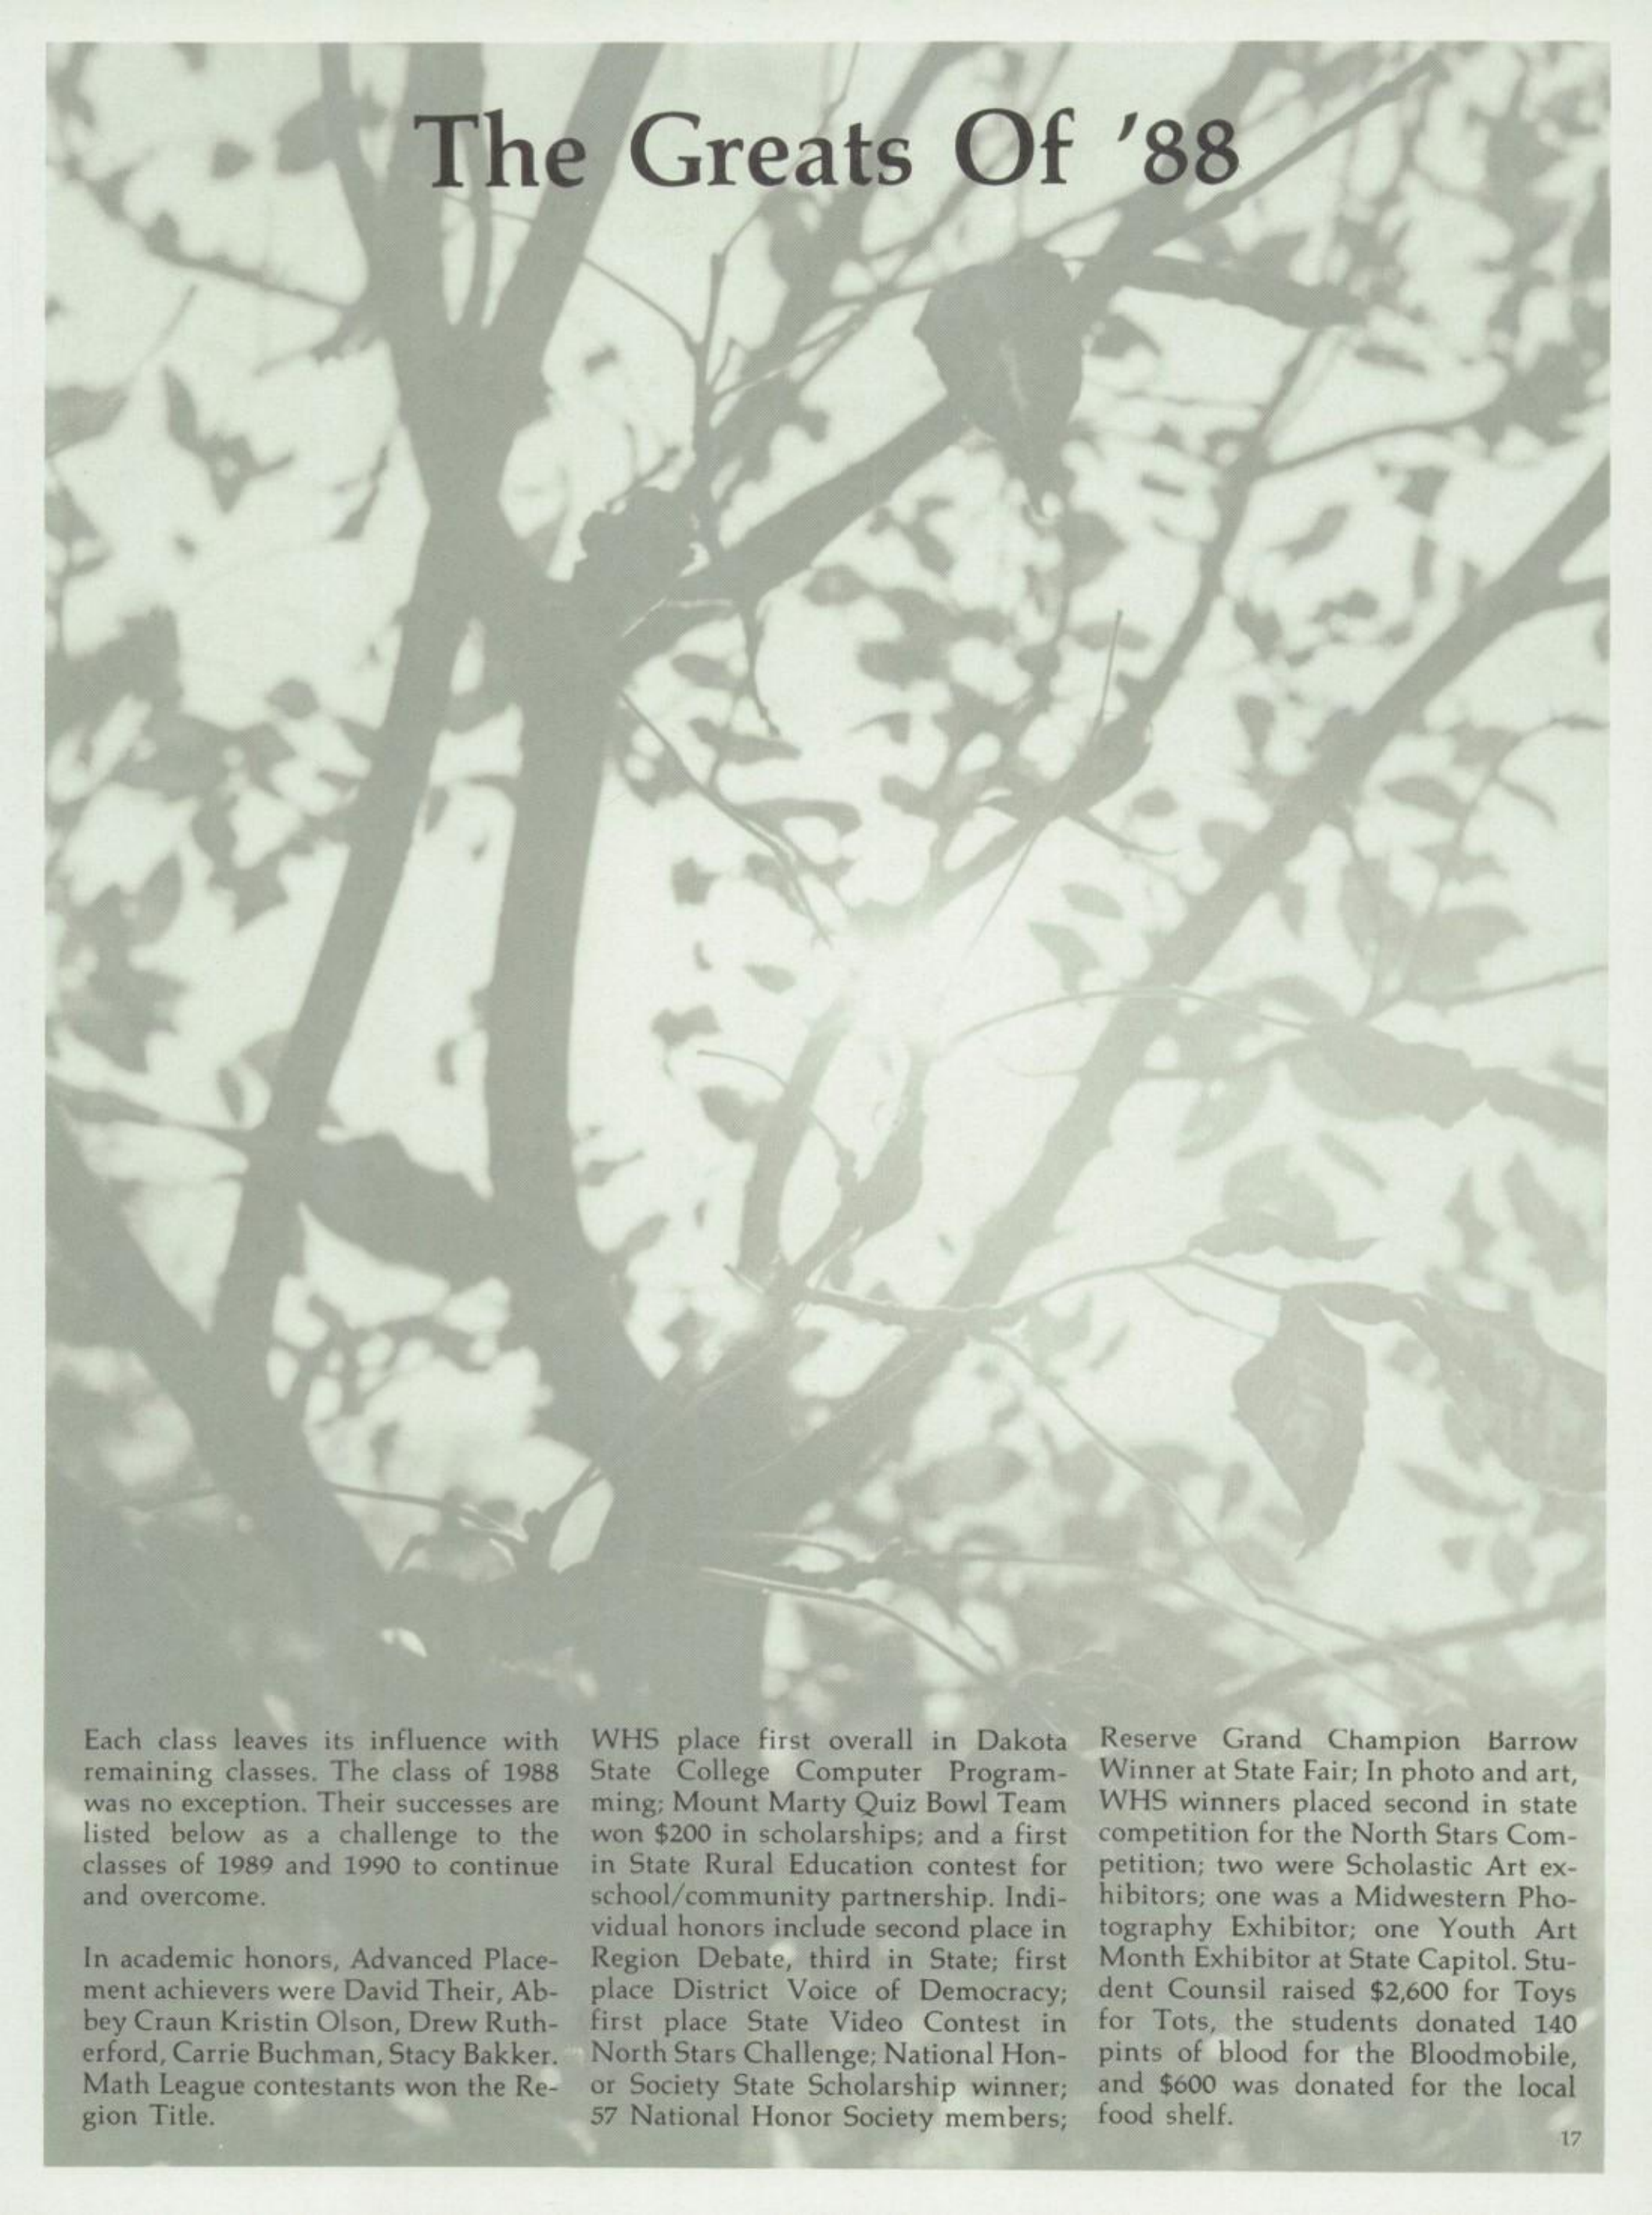

Schmid enjoys Worthington. "I like Worthington. There are a lot of enjoyable people and it's got a beautiful lake. It's simply just a nice place to be," said Schmid with a proud smile.

Schmid worked on a farm and was a gas station attendant before he went into teaching. He also was in the army for two years.

With his humor, his size and his friendly smile, plan on seeing Lynn Schmid at WHS for quite a while.

Lynn Schmid poses in his customary Halloween attire.

Art Club Grows In '88

This year's Art Club the students have been given more time to work on their projects such as paintings, sculptures, clay and so on. This is because there has been such a big turnout for Art Club, according to Kelly Peterson. Art Club has become more and more popular through the years.

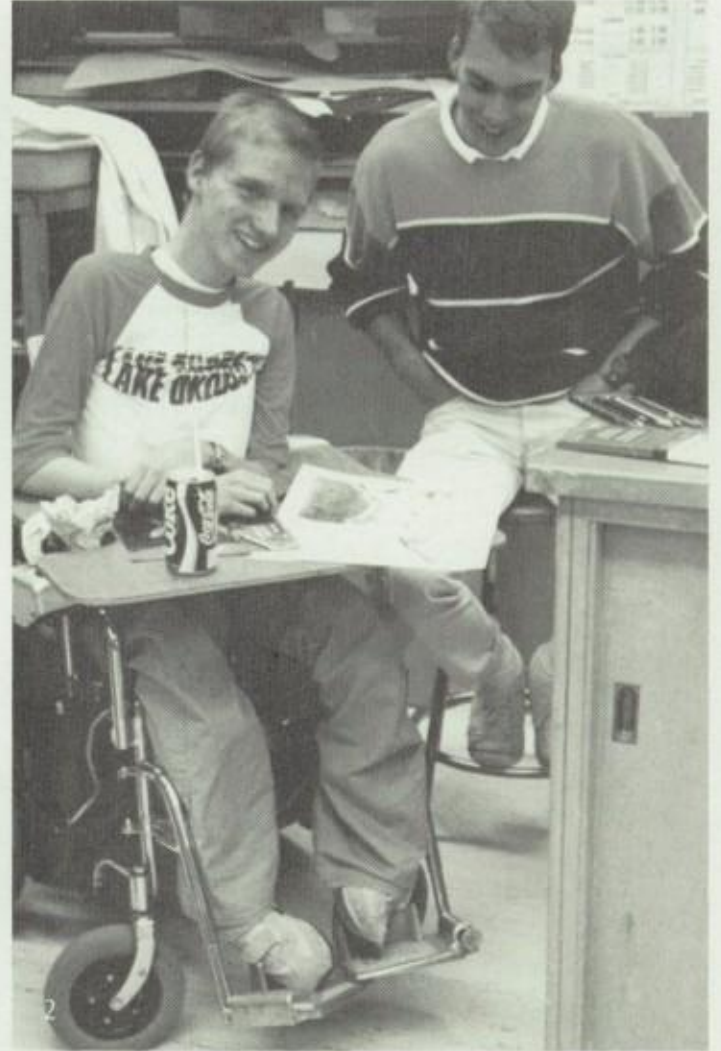

To the question on why join Art Club she answered: "It gives you a great chance to open up and do what you really care for and feel".

Lakeview Mainstreams In '88

The year 1988 was a year that will be remembered by students and faculty that who were involved in the change of education. Lakeview students have begun to mainstream into the Worthington Senior High classes.

In the past, the physically handicapped students were taught in isolated classrooms. Now they are being taught in the general education classrooms in the normal flow of education.

The social lives of students have changed, and many believe it's for the better. Steve Muchlinski, a senior at WHS, made the comment "It's rewarding to see the others try harder, it sometimes gives us more ambition."

Mike Donahue, School Administrator at Lakeview, said, "The teachers are doing an outstanding job, and the attitudes coming from the student body have been very pleasing."

Education has been changing with new and better ideas. With a new way of giving independence to the physically handicapped, it will give us a better way of living in the future.

Cheerleaders Boost Local Spirit

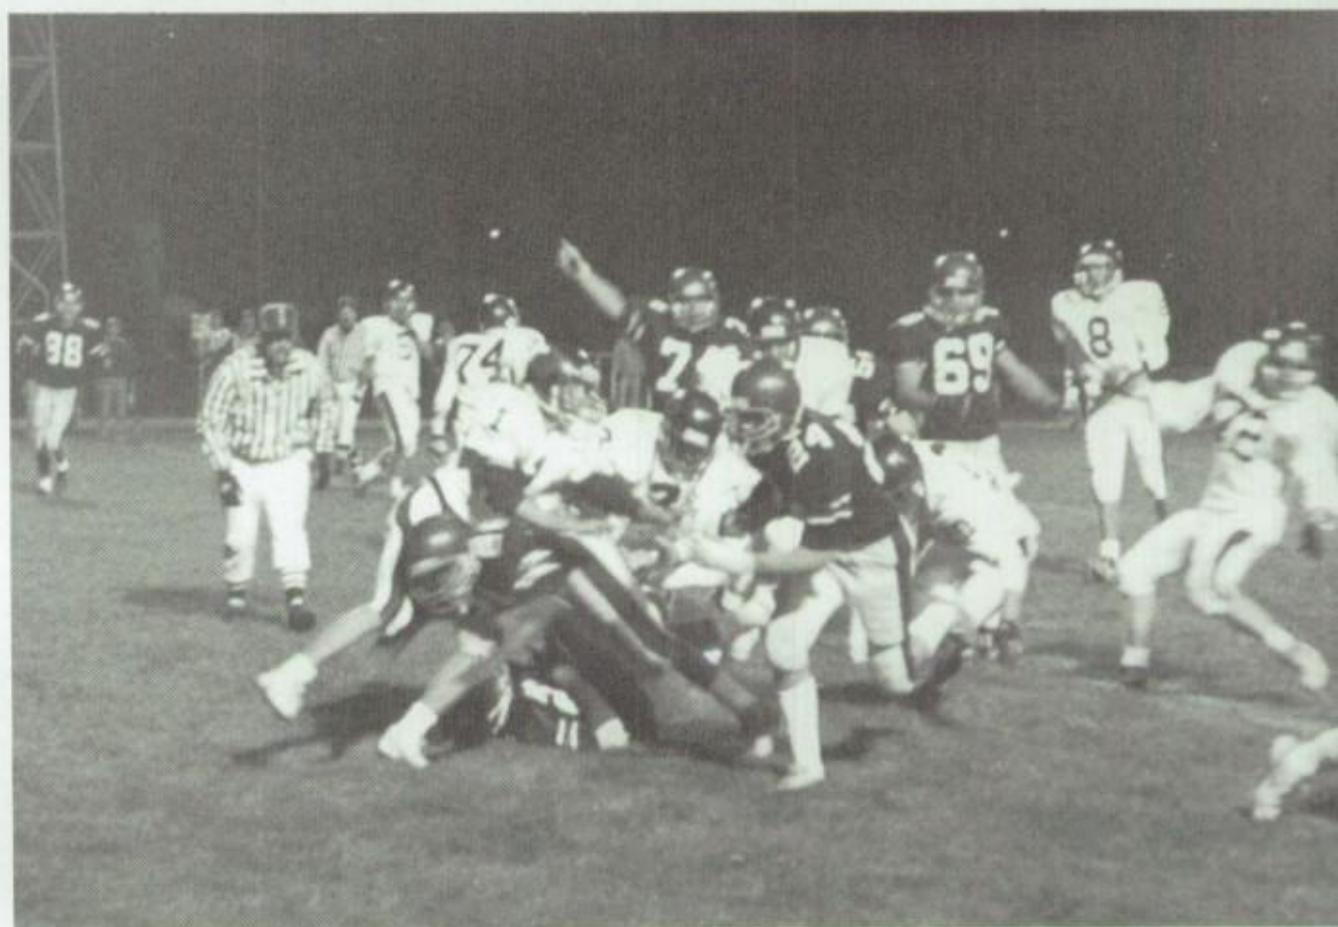

The 1987 fall cheerleaders are always busy. They keep everyone's team spirit up with locker boosters and posters. With their bright smile and over flowing spirit the crowd seems to want to keep going with that certain cheer just said. They spend a lot of time making routines and practicing after school. They also put a lot of work into the pep fests here at WHS. During all the fall sports one can see WHS's high school spirit. 'We got the spirit, how 'bout you?!

The Trojans won their first game on Homecoming night with a 20-7 score over Jackson. The Trojans won their final two games over Windom 35-6, and Pipestone 19-15.

Adel also said that he didn't really expect the team to be real outstanding because "There were only three returning letterwinners and they didn't have the numbers that they needed." Adel thought that they had a good season considering the numbers that they had.

A new teammate brought much success to the WHS Trojan tennis team. Stef Remlinger won conference and subregion at first in singles. She was defeated in Region by last years state champion but the only subregional champion at individuals. Remlinger had the best record of 10-5 and was voted most valuable by her teammates. Stef stated, "The only thing I ever won in Crailsheim was the city tournament and that was when I was fourteen."

Spikers Never Give Up

The 1987 A-squad volleyball team was 0-6 in the southwest conference. The overall record was 3-14. Despite this record, they had a good attitude of fighting out the game to the end.

"I was really happy with the play at the end of the season," Mike Traphagen said about the season. Coming on

strong at the end of the season really helped them come out with two victories in the last two games.

Letterwinners that will be returning next year are: Teresa Lang, Cindy Peters, Stacey Roberts, Rachel Shirkey, Lisa Sieve and Moz Hayenga.

Julie Linder was named for the All Conference team. Julie Linder and Cindy Peters were the most consistent players. "These two players couldn't have made their accomplishments without the rest of the team, volleyball is a team sport," said coach Mike Traphagen.

B-Squad Spikers Went .500

The 1987 B-squad volleyball team had 7 wins and 7 losses. Emily Saxon led the team in hitting and Patsy Nasers led in serving and setting. Along with Moz Hayenga, who moved up to varsity, "These were the most consistent players," said coach Deb Stoll.

During the season, freshman Misty Johlffs moved up from C-squad to B-squad where she contributed a lot.

There is a good future for this volleyball team. "This year we had a very positive and confident bunch of volleyball players, who love to play volleyball and have a lot of potential," said coach Deb Stoll.

Creature Creeps At WHS!

"Creature Creeps" was the subject for this year's fall play.

Director Mary Beth Blegen said the play last year was serious; this year she wanted to do something more light and humorous. There was no problem in finding enough students for the play. The number of students participating in tryouts was greater than any other play. "Zero to Production" is the motivation that was achieved.

A special recognition should be given to the performers. Especially that person who seemed to have four closely resembled brothers; Hans, Fritz, Otto, and Heinrich Shtunken (Darren Selberg). As for the doctor Don (Phil Ebeling), Mord (Stuart Groninga), Maritza (Lisa Blatti), Daisy (Jennifer Dekker), Frank (Justin Dekker), and Babsy (Martha Rickbeil), plus the rest of the crew, deserve a grave hand.

Quiz Bowl Participants Of 1988

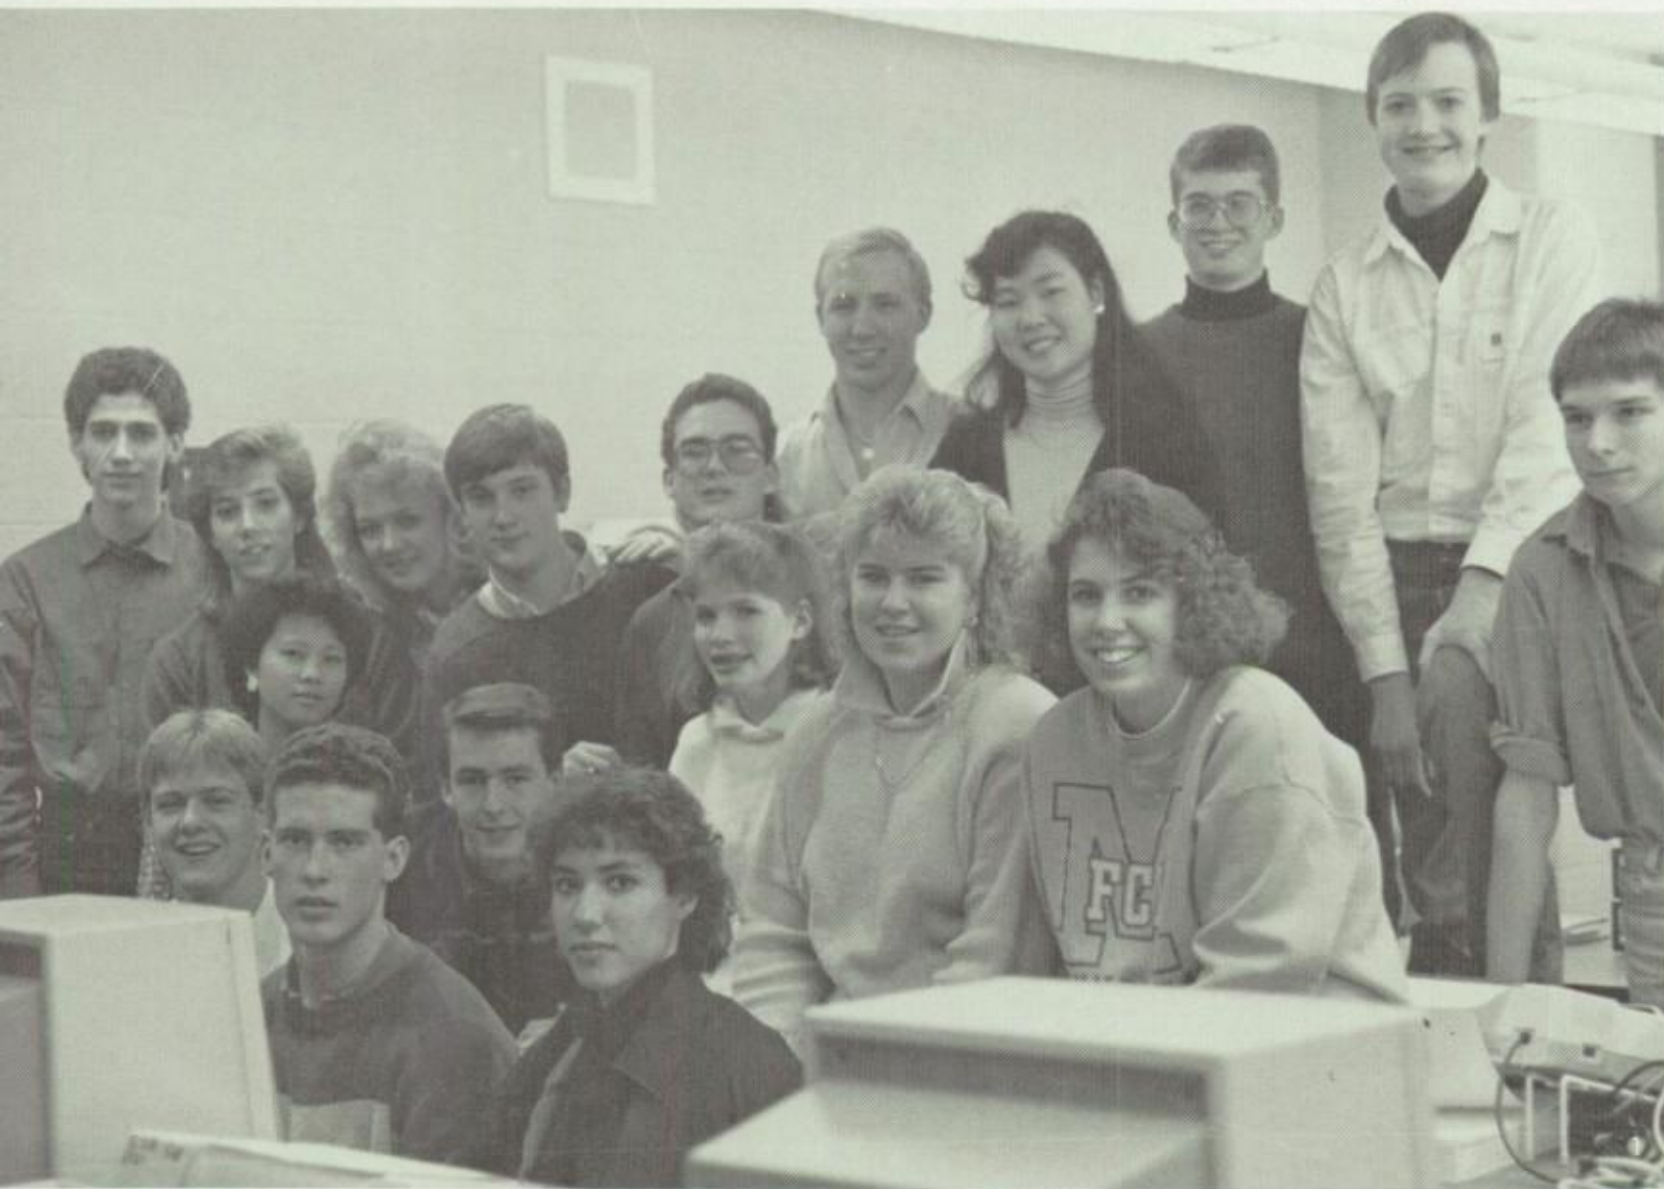

The 1988 Quiz Bowl team of WHS was coached by Mrs. Elda Hein and Mr. Jim Gay. Participants, Abbey Craun, Drew Rutherford, Mark Henning, Jason Ehlera, Tami Schroeder, Gary Inman and Tony Luknic traveled to various schools to compete. Practice was held at noon hour, using a computer to record reaction time and accuracy. The Quiz Bowl is looking for new team members for the 1989 season.

Trivial Pursuit At Computer

Knowledge Master is a contest where participants compete in teams, over trivial knowledge, against other schools throughout Minnesota.

There are three events each year, one in the fall, winter and spring. Each test lasts for about two hours and consists of two hundred questions. The faster contestants answer the questions, the more points are received and bonus points are possible.

Worthington did quite well this year. Minnesota results were 19th, out of 38 schools. The United States results were 186th out of 345 schools. Worthington's total score was 155, out of a mean score of 1167. Over all the Knowledge Master Team Did a very fine job.

Gary Inman said, "Knowledge Master gives us a good chance to use the knowledge we have from our classes, and also to gain more knowledge. We really have a fun time, and I really enjoy learning the trivial knowledge."

1. The 1987-88 Knowledge Master team consists of first row from left: Gary Inman, Seth Gilbert, Anna Mork Second row: Quyen Tang, Darren Selberg, Lori Holthus, Jennifer Kovacs, Denise Carlson Third row: Robert Rutherford, Carrie Buchman, Jennifer Dekker, Phil Ebling, Drew Rutherford, Stuart Groniga, Tami Schroeder, Brian Towne, Justin Dekker and Doug Olson.

Team Wins SW Title

The Dynamic South West Division consists of: Adrian, Fulda, Hills-Beaver Creek, Luverne, Slayton and Worthington. The tests are given five Mondays each year to every team. A team can have a maximum of eight members and at least two have to be sophomores or younger. The tests consists of:

12 min. with 1st year algebra
12 min. with 2nd year algebra
12 min. with geometry
12 min. with precalculus (senior)
20 min. team-test

Each student takes two of the four tests. Then the team takes the team-test together.

The Minnesota Math League was started by professor Wayne Roberts of Macalester College. He wanted

Minnesota schools to score higher on national tests. Professor Roberts is the one that makes all the tests for the events. Math League has been optional in Minnesota for ten years now.

Mr. Richard Adel said about Worthington Math League: "I am very pleased to be in this program!"

In fact this year the Worthington Senior High School Math League Team won the South West Division, advancing to State level.

60 Join The Club

The purpose of the Science Club is to "give students interested in science a way to learn about some careers that are open to now or will be open in the near future," explained Leo Peterson one of the science club advisors.

The 1987-88 club visited places like the Gravon Chiropractic Clinic; another was the Science Department at Augustana College in Sioux Falls; the final trip was to Rochester to visit among other places the Mayo Clinic.

This year the club had an all time high record for the number of members, which was about 60. The officers were Phil Ebeling, President; Neil Ripley, Vice President; Troy Ackerman, Treasurer; and Jennifer Dekker, Program Director. Once again the Advisors were Larry Petersen and Leo Peterson.

The Science Club Members Include: Joel Hoffman, Heather Spillers, Amy Galles, Lisa Blatti, Tami Schroeder, Leanne Holtus, Leah Rolfesma, Susan Stryk, Amy Boots, Tracy Timmons, Kristy Blegen, Lara Kehrberg, Deb Cope, Melissa Davis, Ann Greve, Mr.

World Students Meet WHS

The year 1987-88 was promising for Exchange Students. WHS has more students as the years go by and from many different lands.

This year WHS has four Exchange Students who include Stephanie Remlinger from West Germany, Yiota Pappas from Greece, Claudia Sierra from Guatemala, and Mari Dahl from Norway.

The exchange students learned a different way of life and seemed to like it. When questioned why they came here, Mari Dahl from Norway commented, "Too see a different culture and how the people live here." When asked how she liked it here, she said, "I love it and I'm having alot of fun!"

Crailsheim Exchange Continues

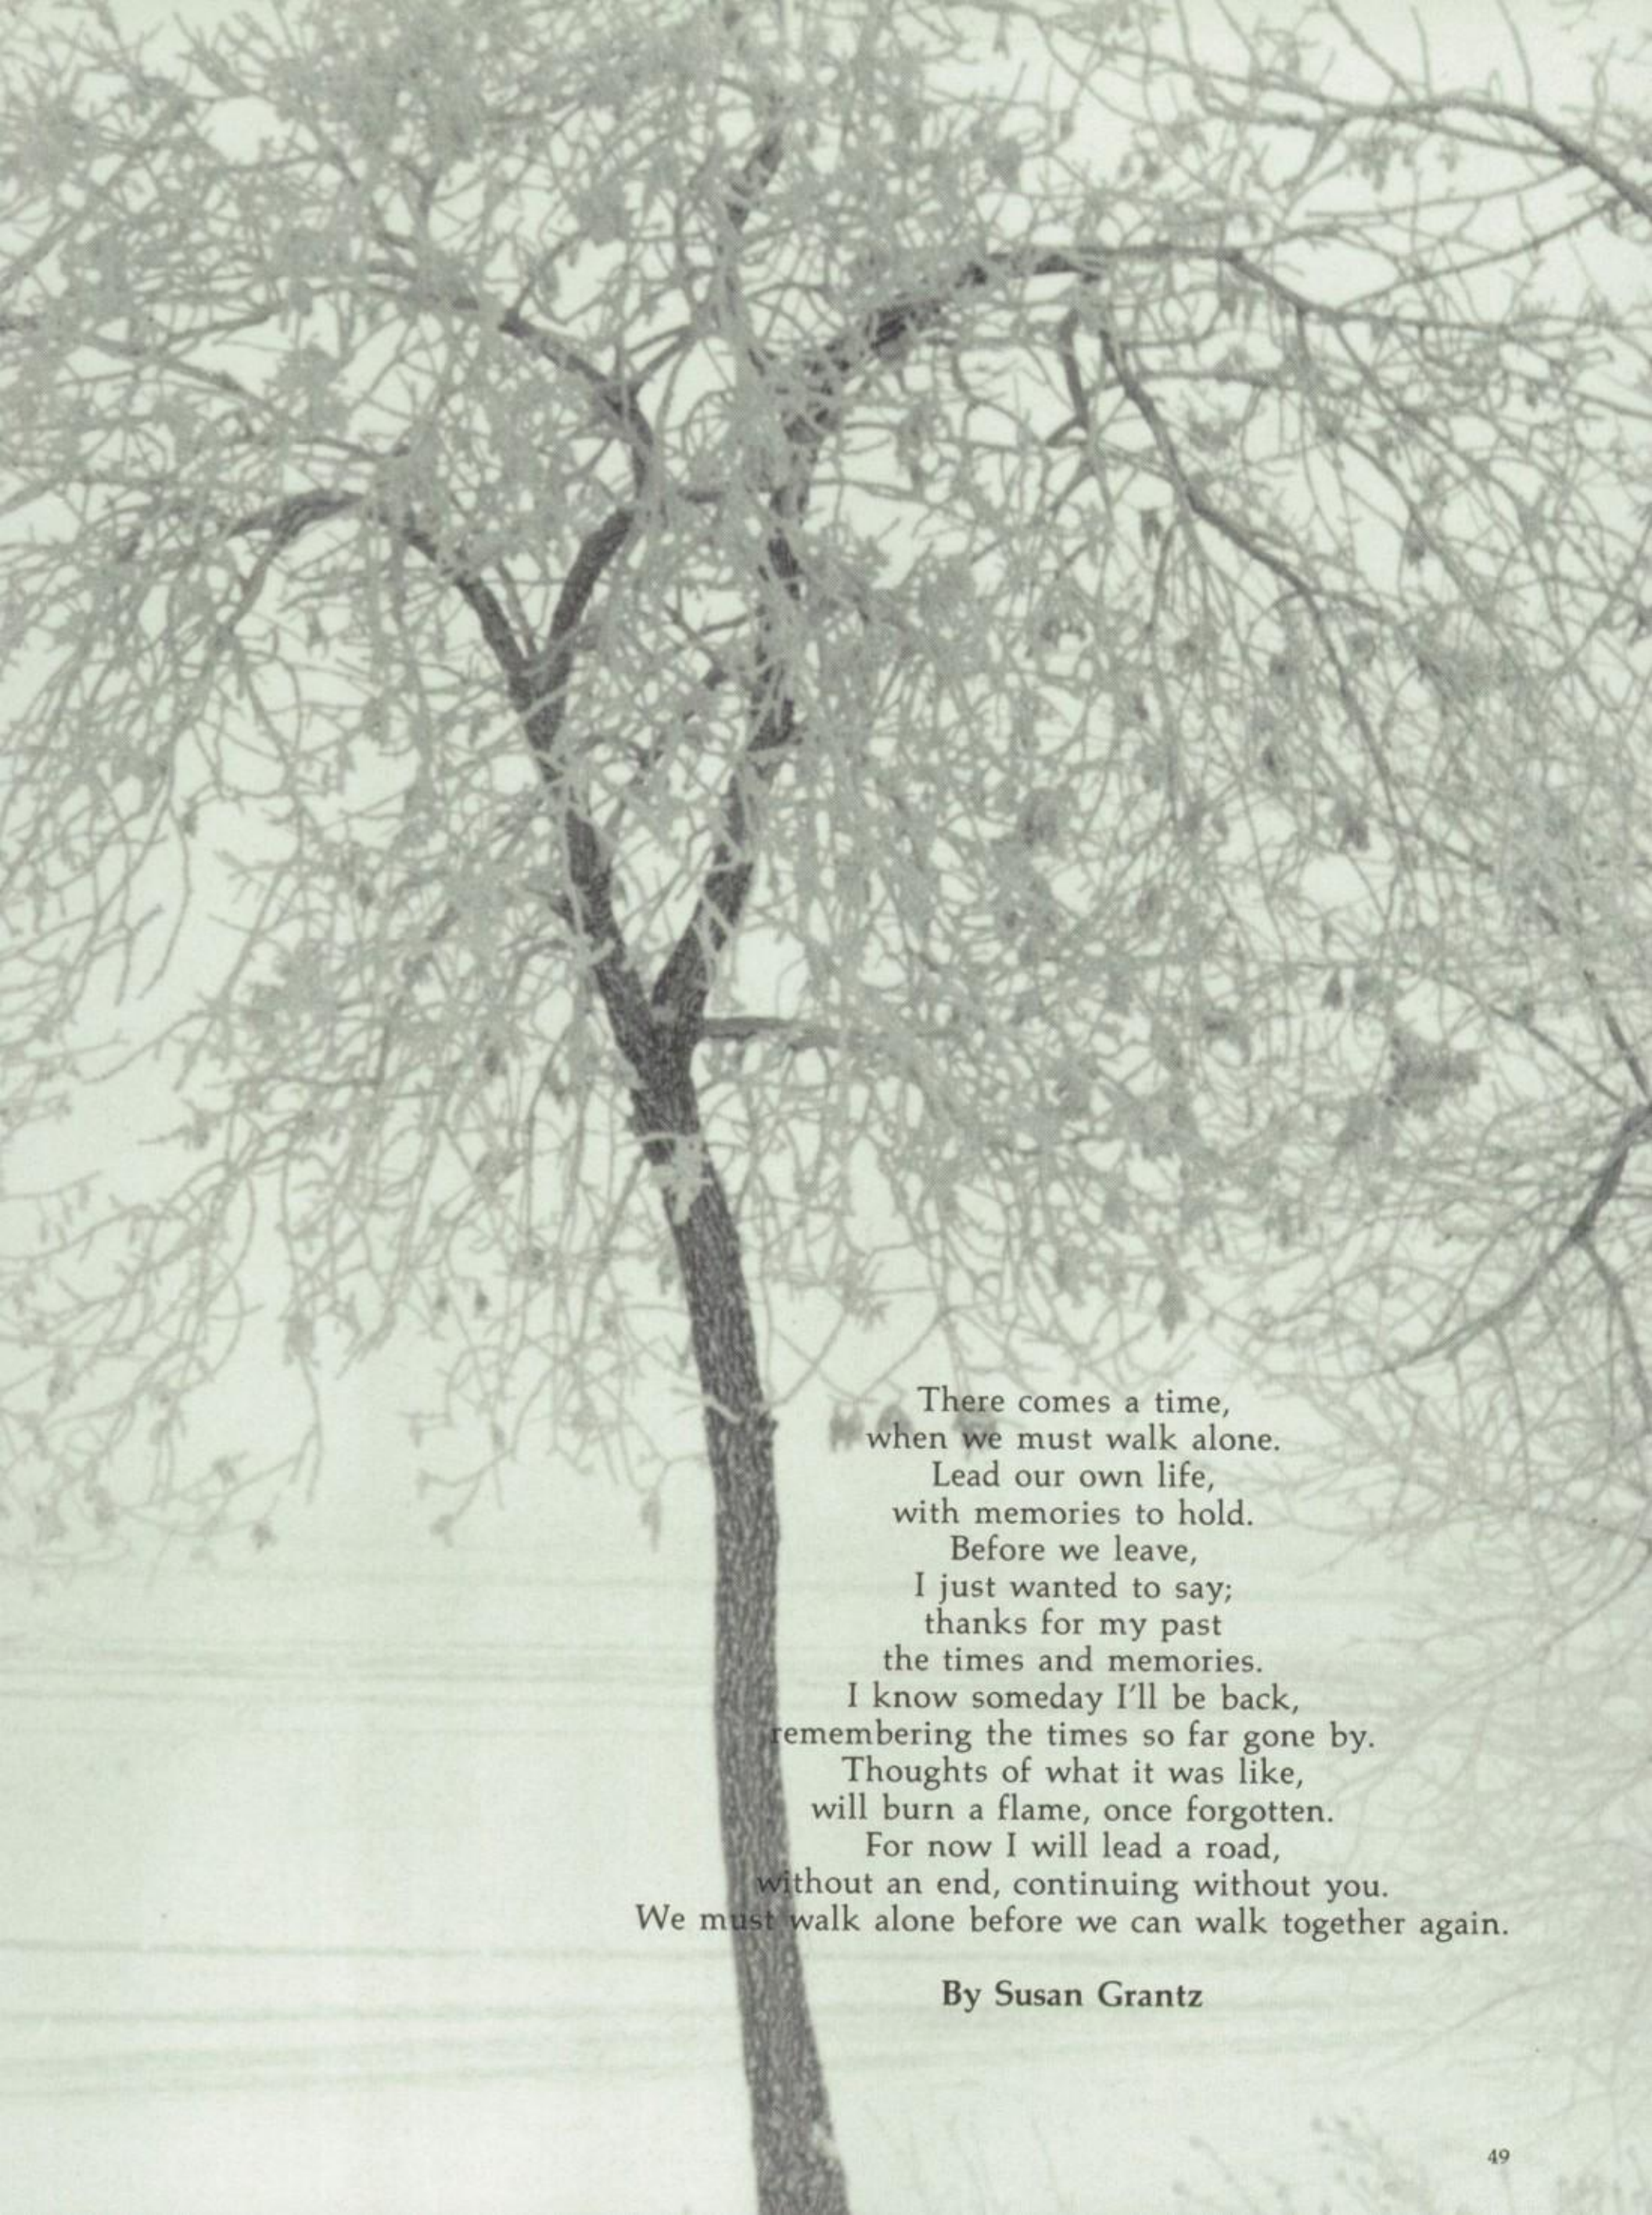

Worthington has been exchanging students with Crailsheim, West Germany since July, 1948. These exchange students get a chance to see a different part of the world and a different school system. This school years exchange student from Crailsheim is Stefanie Remlinger and Worthington's student for Crailsheim is Staci Gordon. Stefanie will return to Germany with Jennifer Kovacs in July. Jennifer is the chosen student for Crailsheim for 1988-89. Along with Staci's return will be our exchange student from Crailsheim.

There comes a time,
when we must walk alone.
Lead our own life,
with memories to hold.
Before we leave,
I just wanted to say;
thanks for my past
the times and memories.
I know someday I'll be back,
remembering the times so far gone by.
Thoughts of what it was like,
will burn a flame, once forgotten.
For now I will lead a road,
without an end, continuing without you.
We must walk alone before we can walk together again.

Regnier Heads Juniors

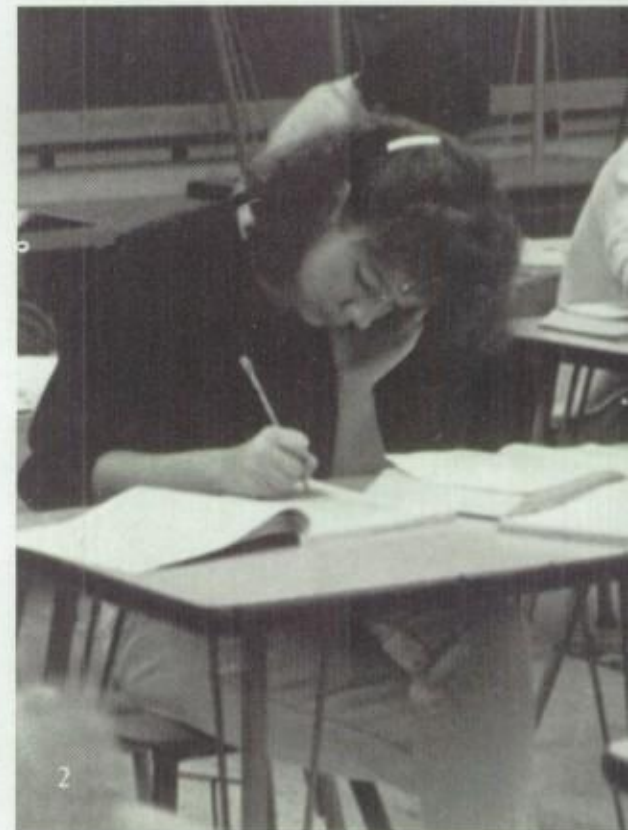

The class of '89 started yet another year in WHS. The Junior class had plenty of activities to keep them busy throughout the year. They attended sporting events, lobby dances, including the WHS Classic, which was held at the Holiday Inn to express having fun without alcohol and drugs.

The big event was the Junior/Senior prom, which they used the money from their magazine sales. Next the Junior class elected class officers who include Che Regnier, Stephanie Klein,

Missy Davis, and Lisa Sieve. They also attended Homecoming where Merdith Rubis and Brad Einck were Junior attendants. The Junior class will remember the year with having plenty to do.

1. This year's Junior class officers include: Lisa Sieve, Missy Davis, Che Regnier, Stephanie Klein.

Explore Ag.

The Ag teachers were very busy this year with many things going on. The big thing that the seniors did was to put on the presentation for the sophomore social studies classes on Ag day. One of the major things that the junior Ag class did was to take an airplane trip to look at the waterflow around the Worthington area. The sophomore Ag class was busy getting their chapter farmer degree done.

In Ag classes they took many field trips and visited many people's farms. They went to machine and welding shops and also to The Swift Independent Packing Co. One of the important things that the students do in class is their record books which they have kept on the project they have done in addition to the records the seniors and juniors also had to fill out state farmer applications. The main thing that the students work for is to go to the state FFA convention.

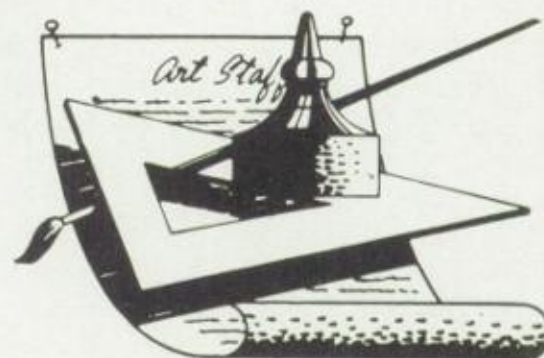

The Ag courses include: Agri-10 Agri-11, Agri-12, P.A.C.T., Building Construction, Small Engines, large Engine Overhaul, large Engine Tune-up, and Welding.

Talents rise in art

Trojans show their talents in art. Although the class titles remain the same as last year, there is still a variety of things to do. Classes include PMF-Papers Metals and Fibers, Drawing and Printmaking, Clay and Sculpture, Painting, and Art Expo. According to some students, the number of students signing up for art classes has increased in the past years.

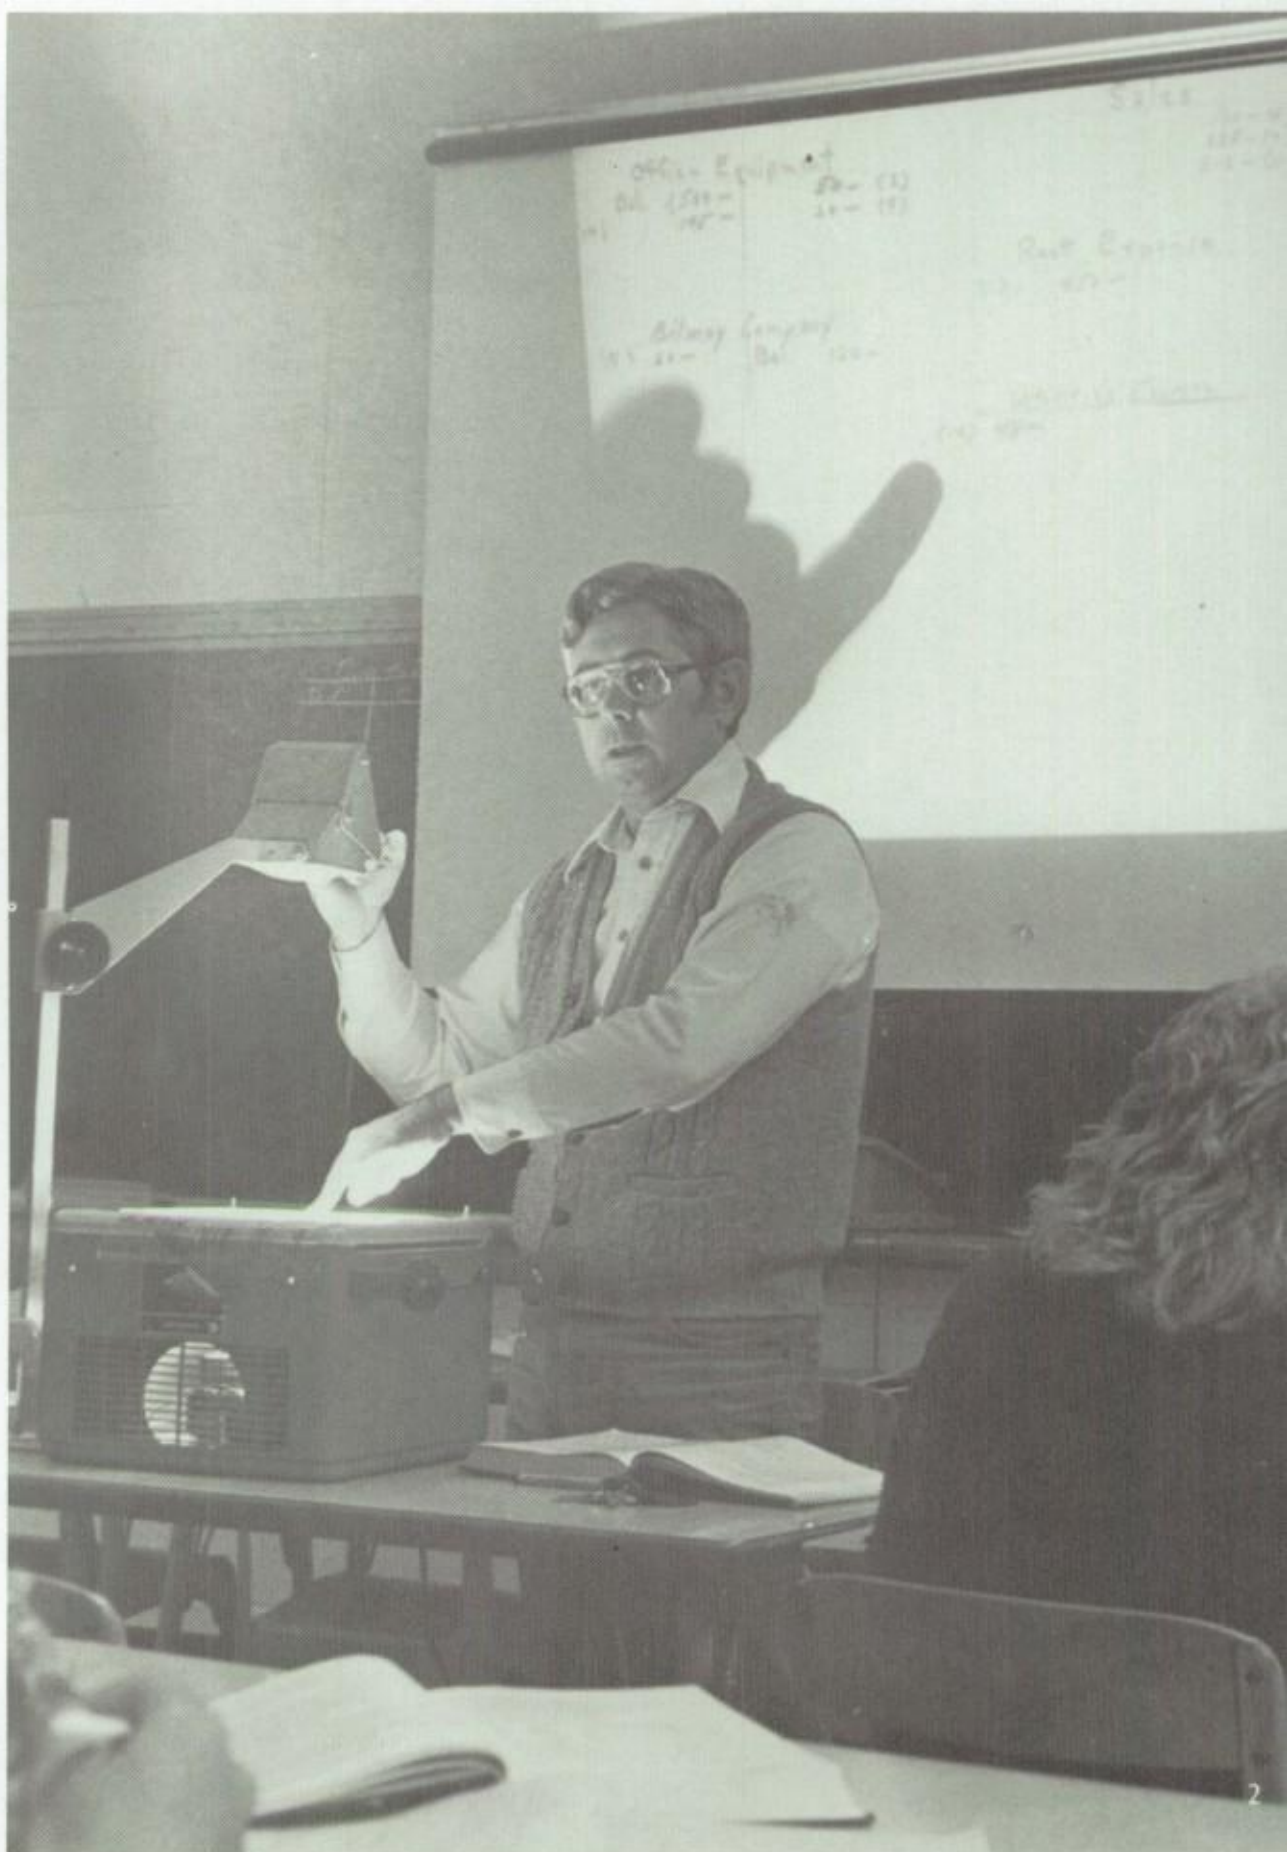

1. Mr. Wayne Flynn is busy working on agriculture papers.
2. Mike Riley receives some instructions from Mr. Rolf Mahlberg.
3. Sophomore Kim White is instructed by teacher Don Ryswyk how to weld.
4. Lorna James, art department head, points out texture in DeAnn Neilsen's temp plate.
5. Mark Berger, junior, patiently textures his snake for a sculpture.
6. Instructor Tricia Goddard looks over Jason Meyer's art work.

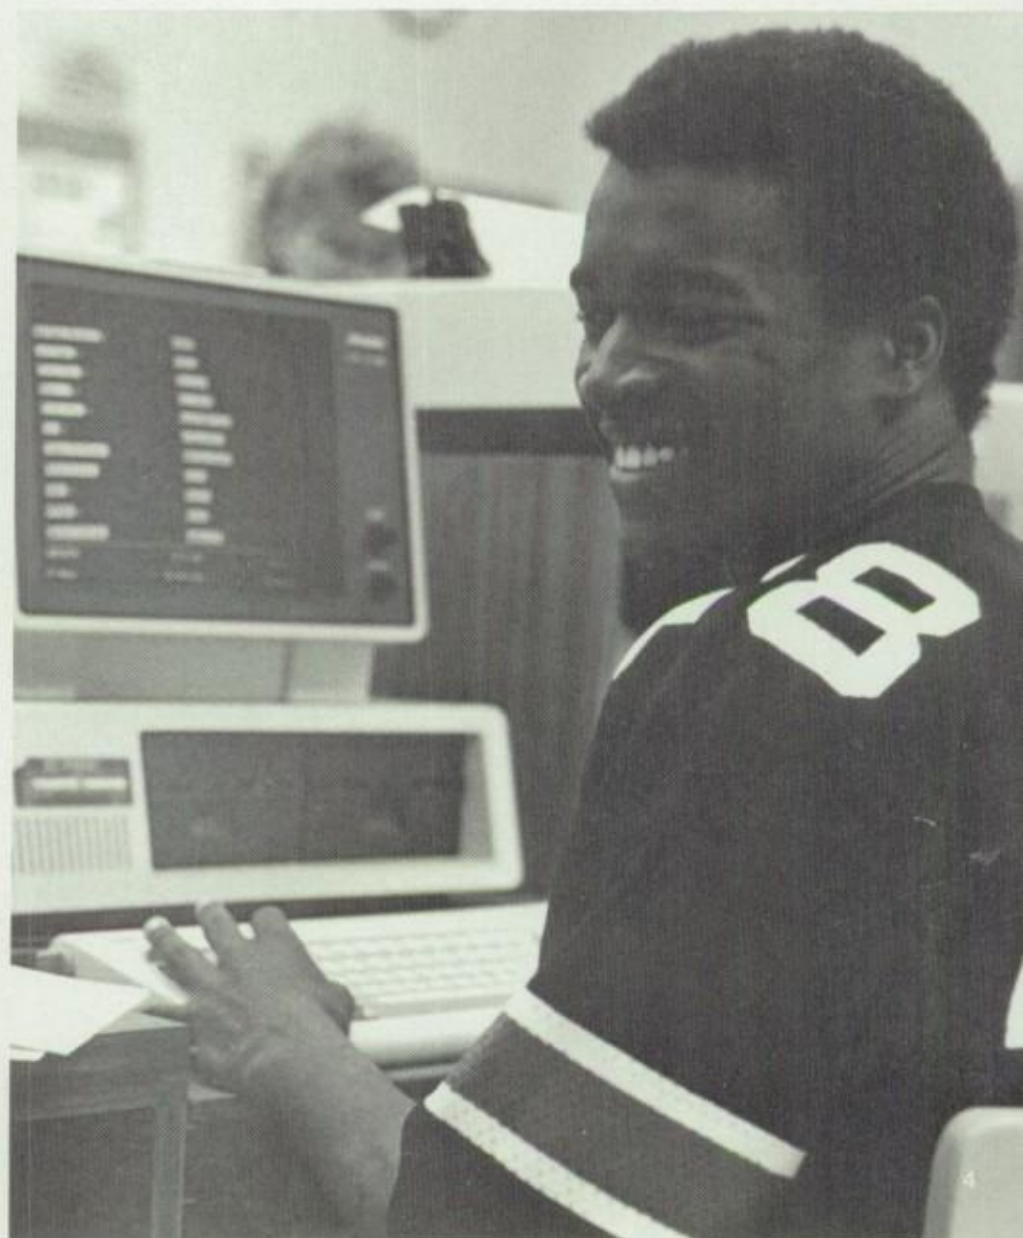

Classes offered in the 1987-88 school year in the business department include typing, accounting, shorthand, and a few new classes called Word/Information taught by Herb Pederson.

The business department members include Herb Pederson, Gary Lamon, Jan Petersen, and newly staffed member Jeff Wollin.

Enrollment had been rising in business class because there are more classes being offered and more business opportunities out there, said Gary Lamon. These classes are helping people prepare for future employment, said Gary Lamon.

1. Herb Pederson instructs his class on accounting.
2. Mr. Gary Lamon teaches accounting.
3. Mr. Jeff Wollin teaches typing class.
4. Kenny May takes time out of Computers and Business to have his picture taken.
5. Troy Wietzema gets instructions from Jan Petersen.

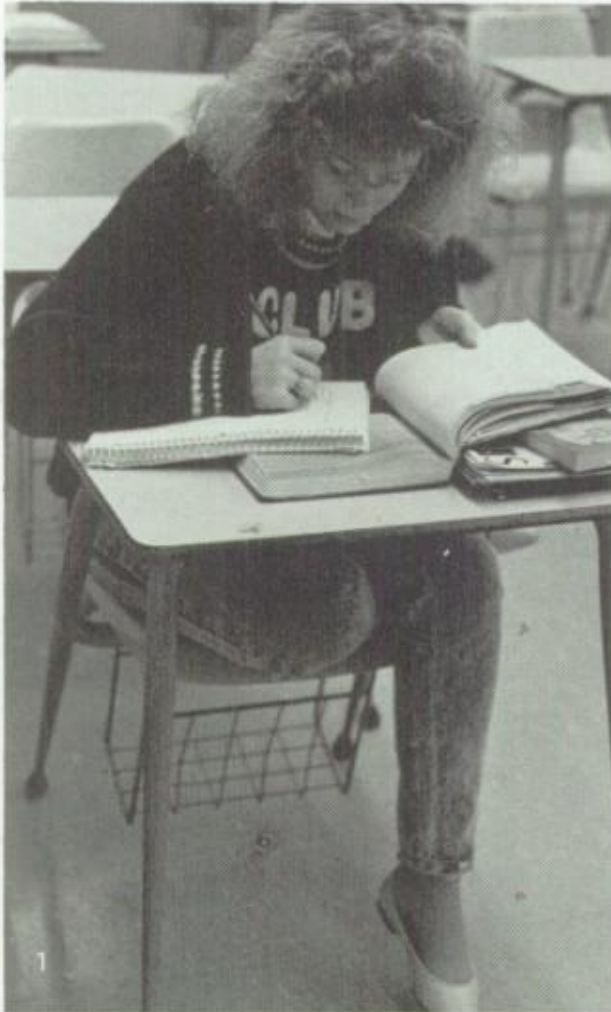

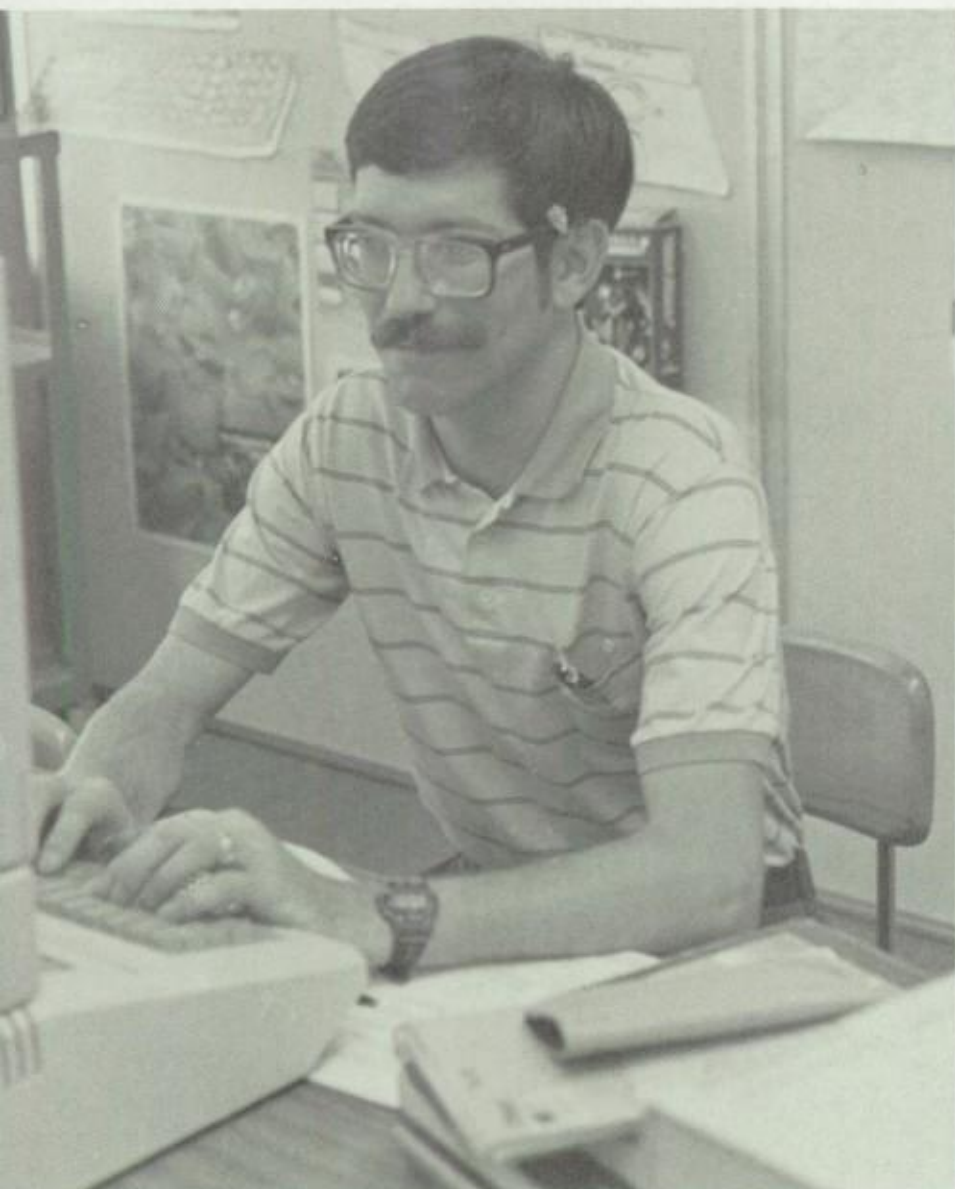

Lit. Courses Change

In the 1987-88 school year, there were a few changes in the Communications department. American Literature was required of all juniors. They had a choice to either take intermediate, or college bound literature. Another change was in Junior Literature. The whole curriculum completely redone; they got new books, read new stories,

and had new writing assignments. However the level of difficulty remained the same.

1. Kristin Brandt studies her American Literature. 2. Jim Von Holtom, Stacy Werner, and Gail Selberg give a demonstration speech on face painting. 3. Dale Mc Mahon, Judy Torrey, Lynn Schmid, Cheryl Carlson, and Ellen Copperud are teachers of communications.

Computers, Photo Expand

Miscellaneous classes consist of photography, computers, and IS T.V. The photographers were busy throughout the 1987-88 school year with assignments from W-High Star and the Trojan yearbook staff. They had various assignments, such as homecoming, sports, prom, graduation, and so on.

"Expansion in the area of telecommunications was the most significant change in this year's computer course offerings," said Jim Smieja, the computer head. Students learn first hand how to use a computer and a modem to call and retrieve information from a remote site. Several programming students were able to compete in three contests this year.

1. Jim Smieja intensely works at his computer.
2. Tricia Goddard gets ready to take a perfect picture.
3. Fredi Lowry and Dale McMahon film the presentation of an award to Dr. Dale Jensen by Garnette Bruns.

Languages Expand

The Spanish classes were very busy this year. The advanced class went to St. Mary's to teach the students some vocabulary, poems, songs, and some cultural differences.

Student teacher Jeff Essen taught about Spanish art and its contribution to the world; he also helped them wage a political campaign. Mrs. Le Lucht is the Spanish teacher.

The German classes were kept busy with lessons and many different skits. Mr. Curtis Pearson is the German teacher.

1. Le Lucht, Spanish teacher, takes time out to have her picture taken.
2. Lori Buysman, JoEllen Kluever, and Denise Lestico demonstrate a skit for Spanish class.
3. Mr. Curtis Pearson, German teacher, gives a lecture to his class.
4. Kris Olson and Claudia Sierra stare into the camera.

A Look At Revisions

The entire content of the Home Economics department has been looked at, revised, updated and in any possible way changed, if it was felt it would help keep the department current. Along with books, other new materials relating to the varied subjects within the Home Economics have been purchased.

Computers have been used on a limited basis, as it has been difficult to find really well developed soft-ware in this area. Various videos, have added an extra dimension to classes like Family Living and Living with Children. Class discussion is still the most effective way to stimulate the students to consider what they believe and why. Said Mrs. Mews.

Mrs. Gay and Mrs. Mews continue to comprise the staff of the Home Economics department.

1. Sharon Gay watches over her students while they learn how to knead bread dough.
2. Donata Baumgartner and Wendy Kuperus carefully put together a dish in Home Ec.
3. Marj Mews takes time out on her sewing to pose for a picture.

Industrial Arts Offers Individuality

The industrial arts instructors for the 1987-88 year are Dale Solt (woods) and Simon Koster (metals). The industrial arts, ag department and the custodians went in together and bought a new paint sprayer that was used for many things this year. Some of the offered classes in the woods department, this year were: building construction, woods I, woods II, advanced woods some of the things that they do in woods I are a cutting board and a lamp. In woods II the students make a bowl and work on independent projects. In adv. woods the students work together on a mass production project and then make a project of their own. In building construction the students built 4- 8' x 12' storage sheds. Some of the things that are made in creative woods classes are clocks, duck decoys and recurve bows.

Some of the offered metals classes are metals A, metals B, drafting and advanced drafting. In the drafting classes the students made three-view drawings and draft floor plans. In metals A and B the students worked in four areas: sheet metal, bench metal, hot metals and machining.

Musicians Hit Note

The music department helps to provide an opportunity for a well-rounded education and the opportunity for self expression in the arts.

"The longer I do my job the more demanding I am myself. Therefore I am anxious for students to achieve higher levels. I am pleased when the groups do well and disappointed when they don't do well! Generally I am pleased with the quality that we have managed to maintain even though alot has changed.

Alot of students have jobs and other activities. That takes alot of their sparetime. This means we have to work harder to attract students and keep their attention."

To the question about how the music level in the school is compared to other schools David Blegen answered: "I think we compare favorably to other schools our size."

1. Beth Habicht instructs her orchestra class.
2. David Blegen plays the piano for the Concert Choir.
3. Larry Weber directs his band class.

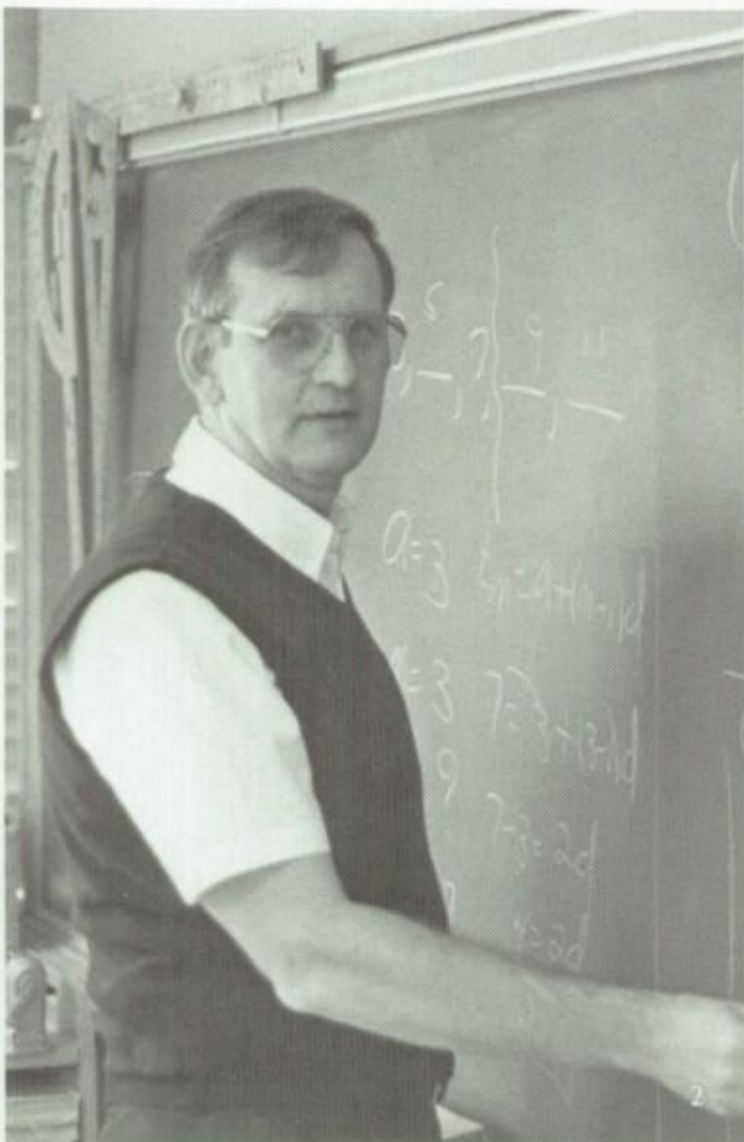

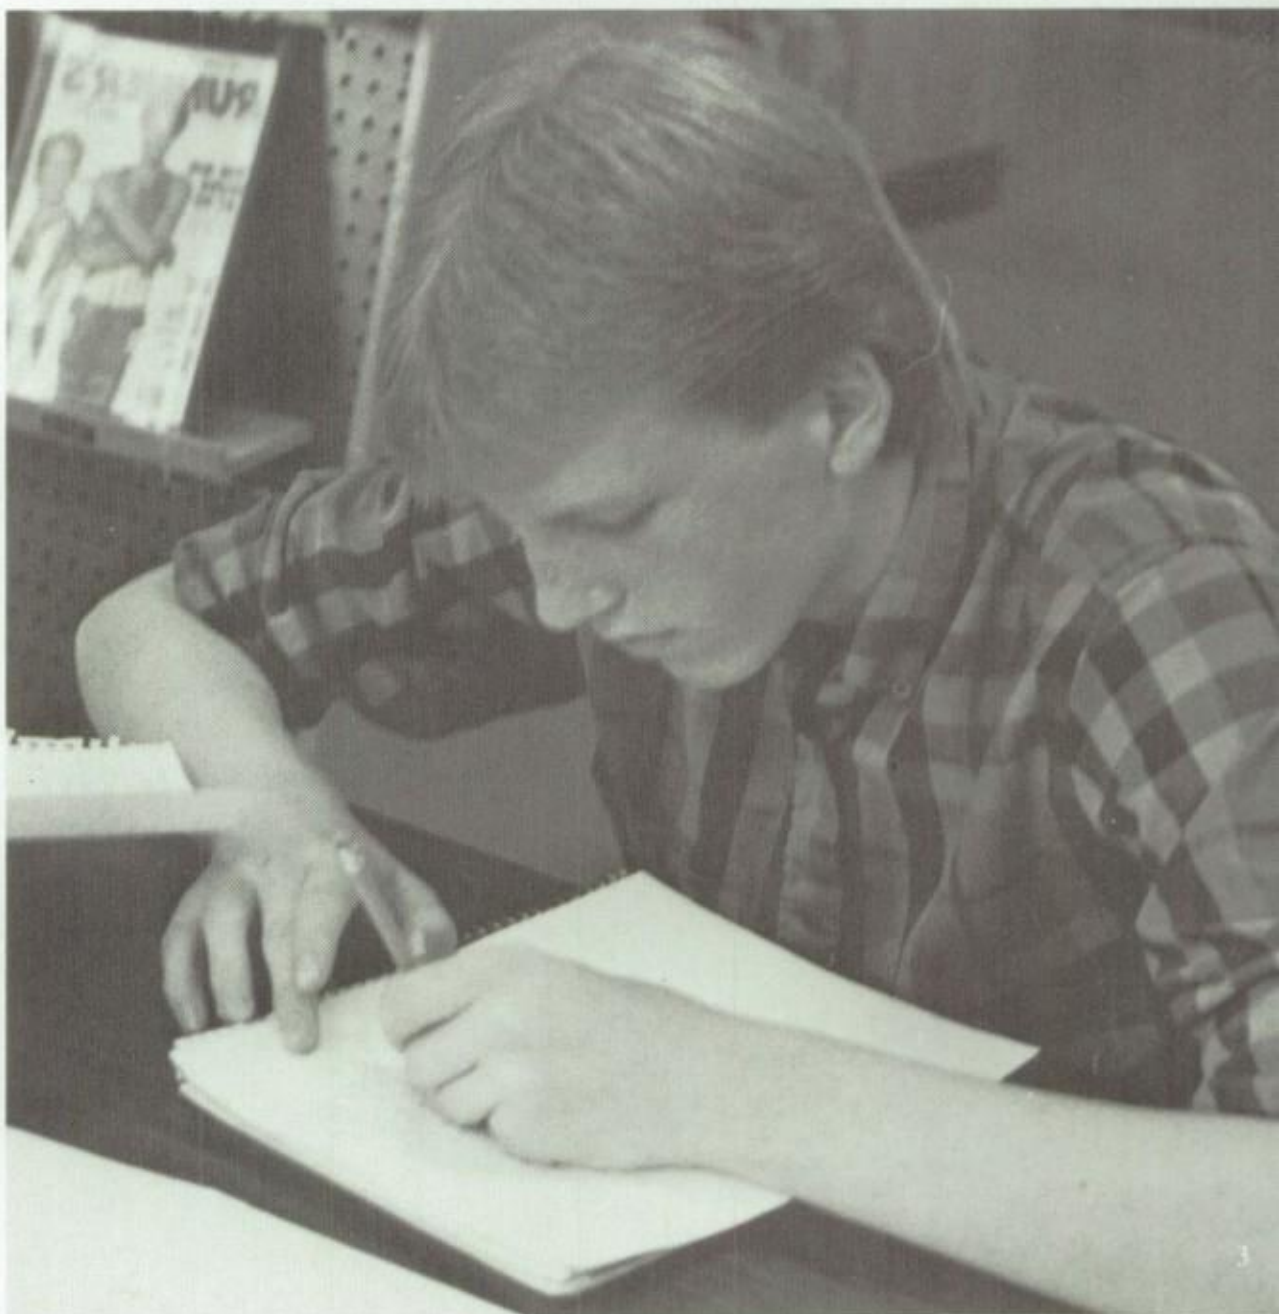

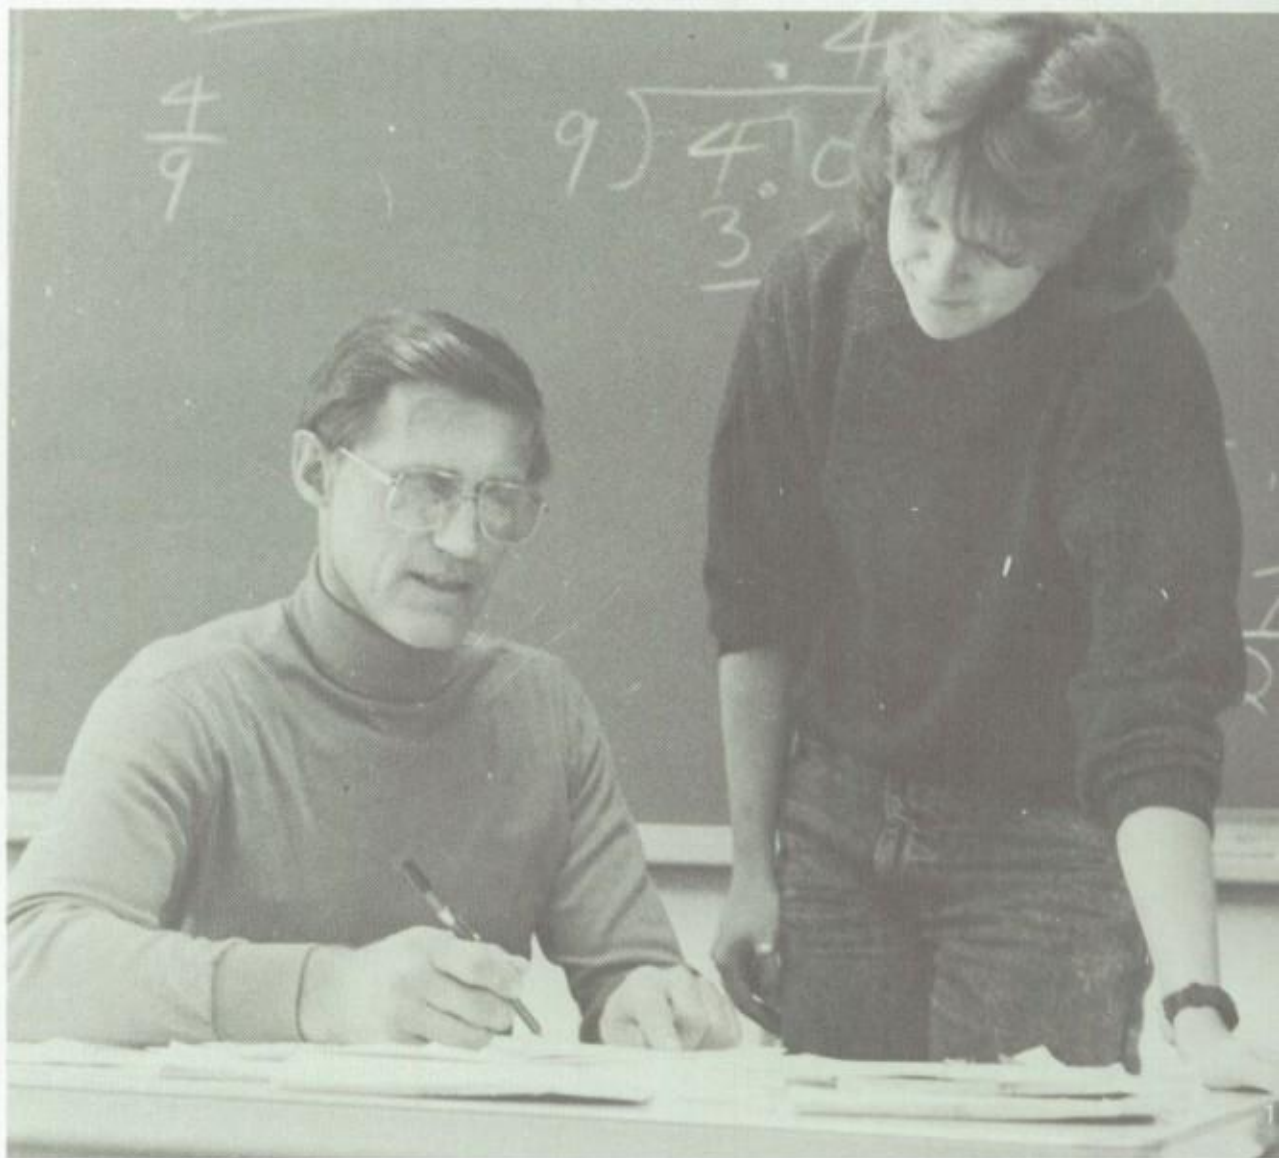

Enrollment Up In Math

During the 1987-88 school year there were various math courses available, such as, Career Vocational Algebra, Everyday Math, Geometry and for the advanced students there is MIA.

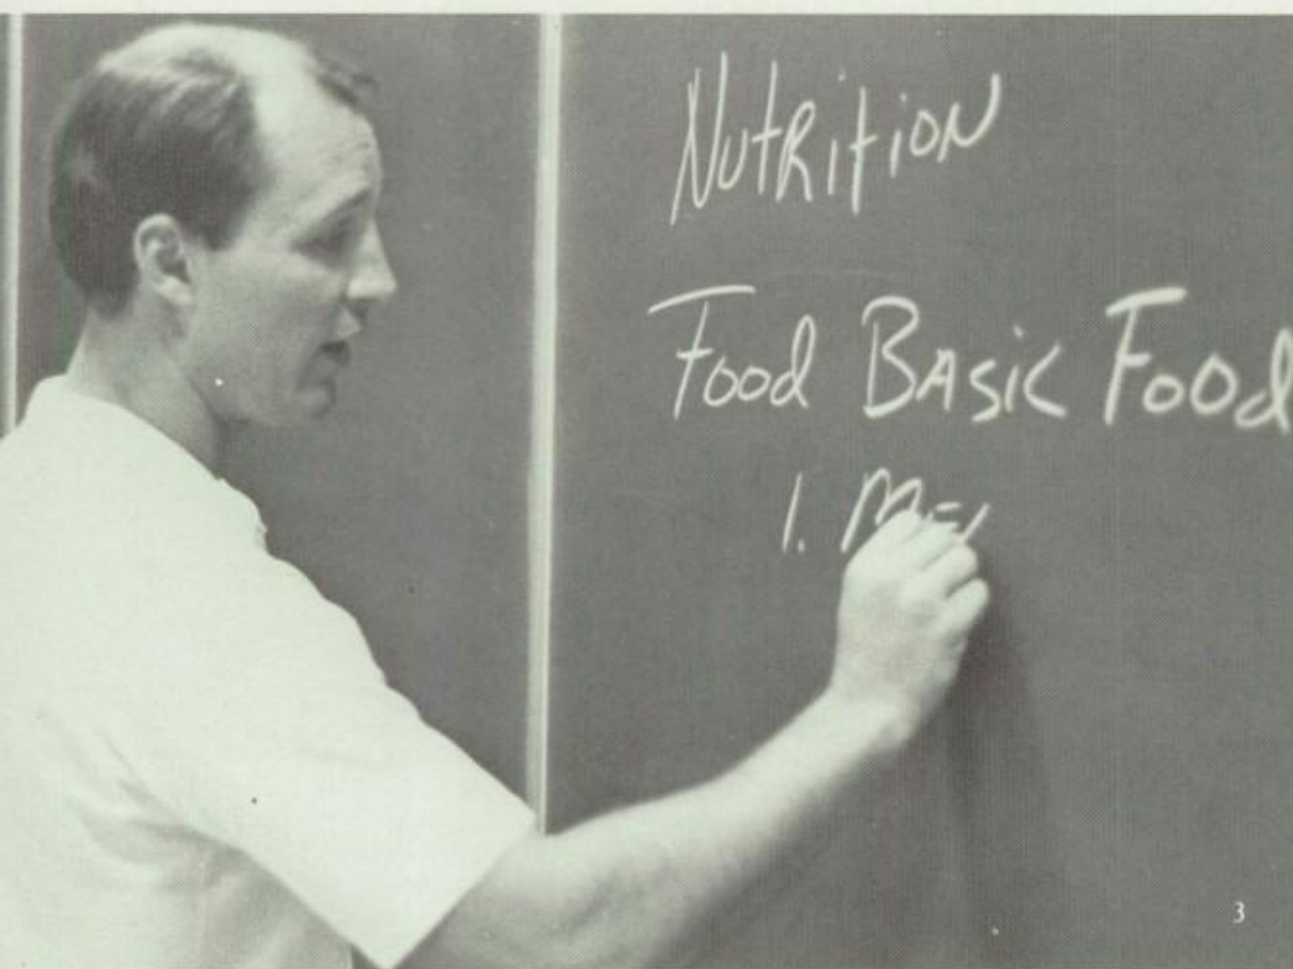

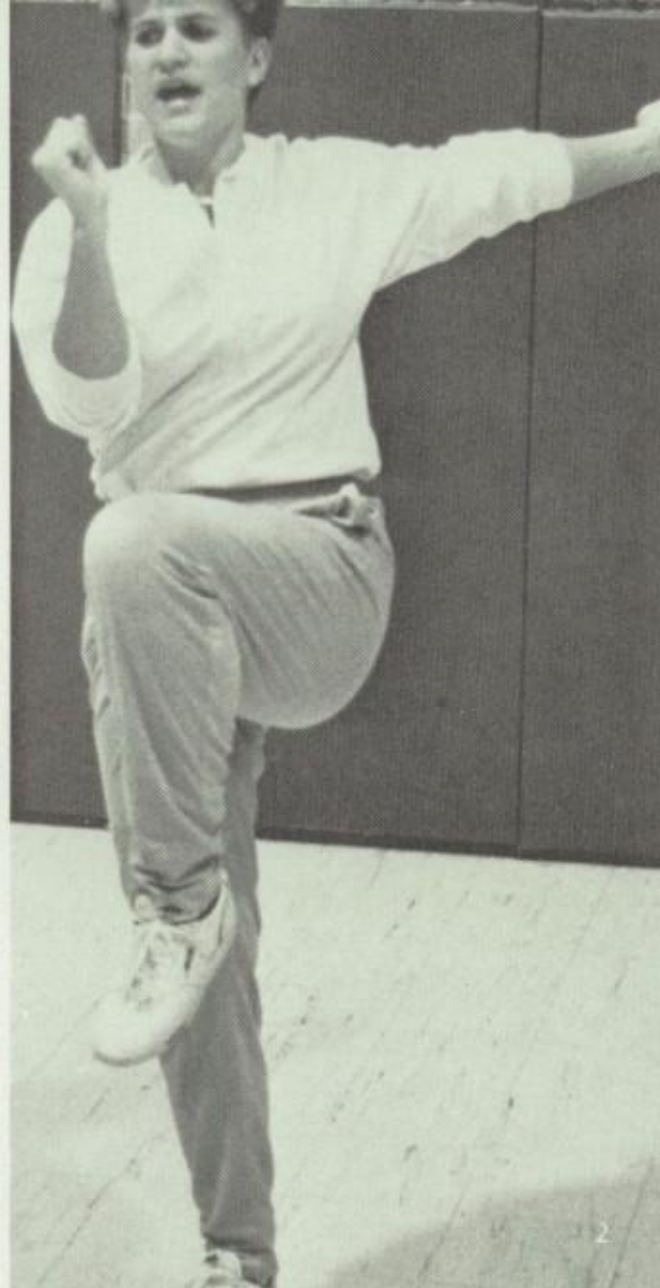

Next year there will be new text books used in Geometry and MIA. But other than that there hasn't been any change in the last few years in the Math department. The department does however, have all the classes to provide for the up-coming college requirements.

The Math Department teachers include Rich Adel, who is head of the department, Daryl Kramer and John Forsyth. Mrs. Joan Wieneke was a student teacher here through November 20.

1. Daryl Kramer helps Cindy Peters on her math.
2. Rich Adel instructs his class of algebra stu-

- dents.
3. Sophomore Scott Dobson looks over his home work.

Equality?

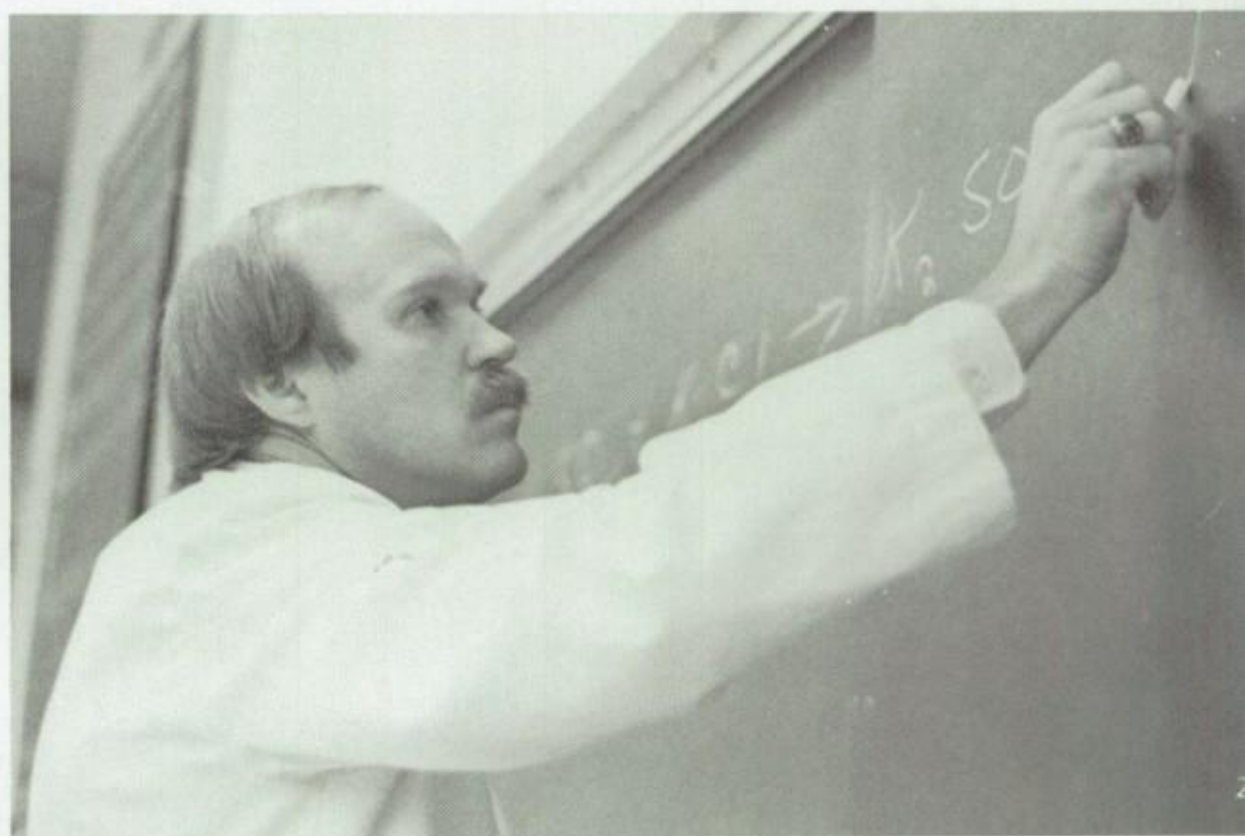

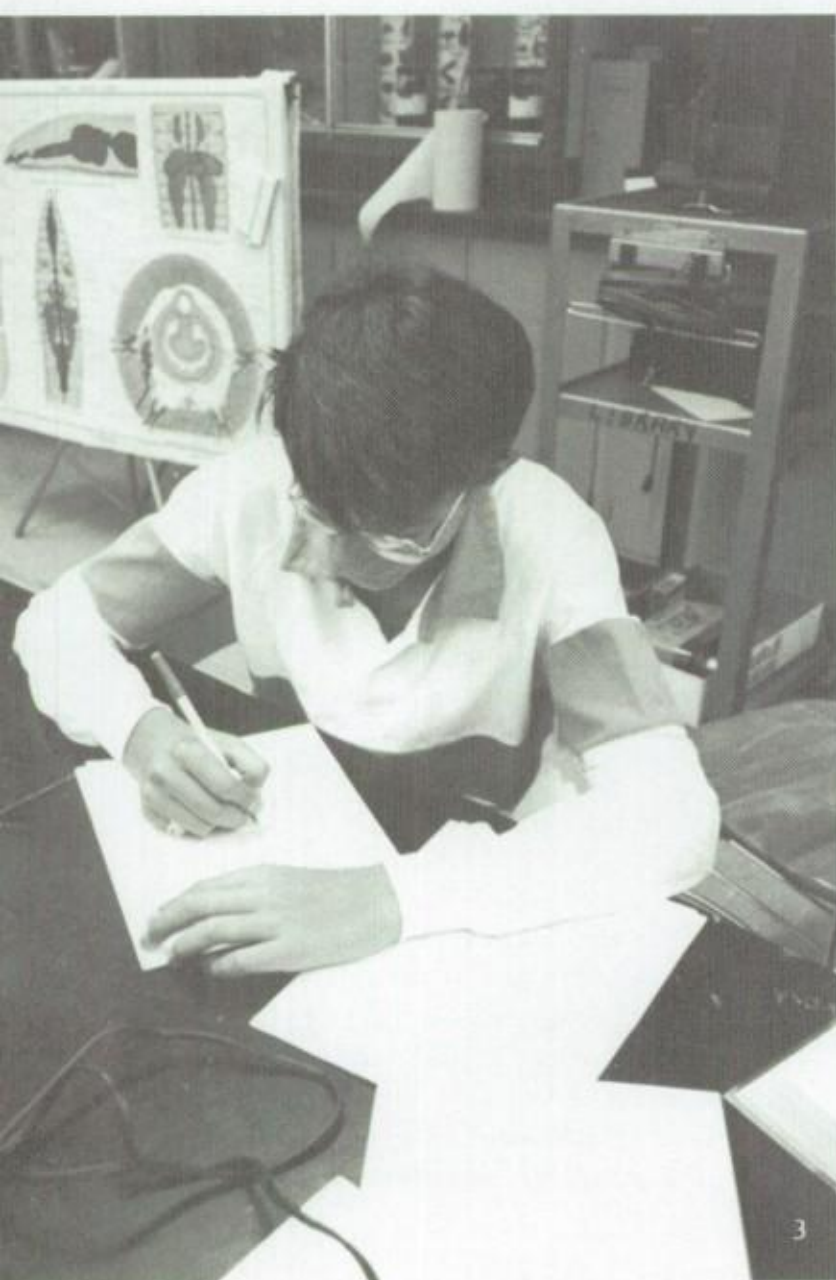

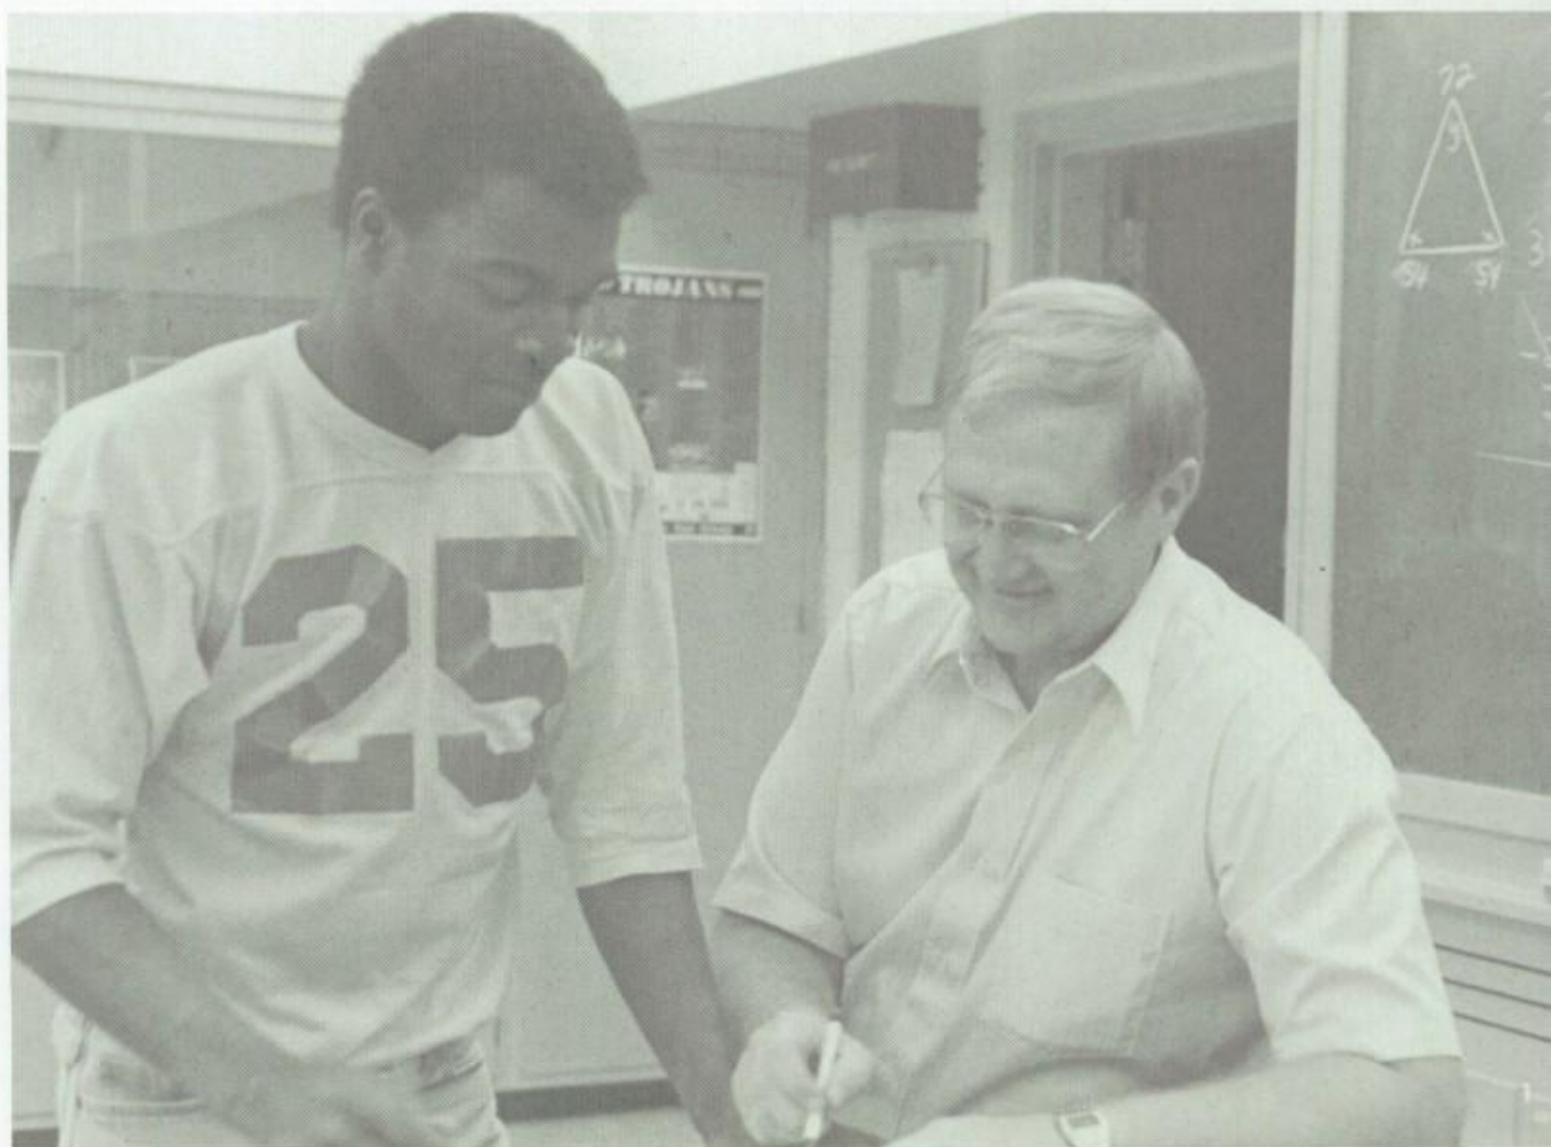

The Physical Education department is licensed by the state because the State Department feels very strongly that students should be educated not only mentally but physically also. Department head, Don Basche stated "We try to give student life time leisure activities such as golf, weight training, tennis, softball and basketball." These activities and more will help students in their lives now and in the future.

Most girls sign up for "A Healthy You" and most of the boys sign up for "You and the Outdoors". Basche said for the most part girls do not want to join boys. He said that he would like this to be changed because it is always nice to have an "equal number of boys and girls in each class but some classes attach and lean toward one sex or the other, so we just live with this situation."

Miss Shelly Eklund is at her second year here at WHS. She teaches sex education, a health you, and you and the outdoors she says she really enjoys it.

1. Don Basche, Dept. head, helps a student put up the volleyball nets.
2. Shelly Eklund demonstrates how to do aerobics.
3. Ron Vorwald writes down the basic for equation for fitness.

1. Kenny May is shown by John Forsyth how to do his algebra.
2. Larry Petersen writes down a chemistry formula.
3. Jim VonHoltum studies his biology.
4. Connie Gaul and Lori Stefferud look through

- the microscope for biology.
5. Sara Werner, Holly Oberloh, and Dawn VonHoltum study their biology.
6. Mr. Larry Petersen helps Dawn Blankenship with her biology.

Class Enrollment Grows

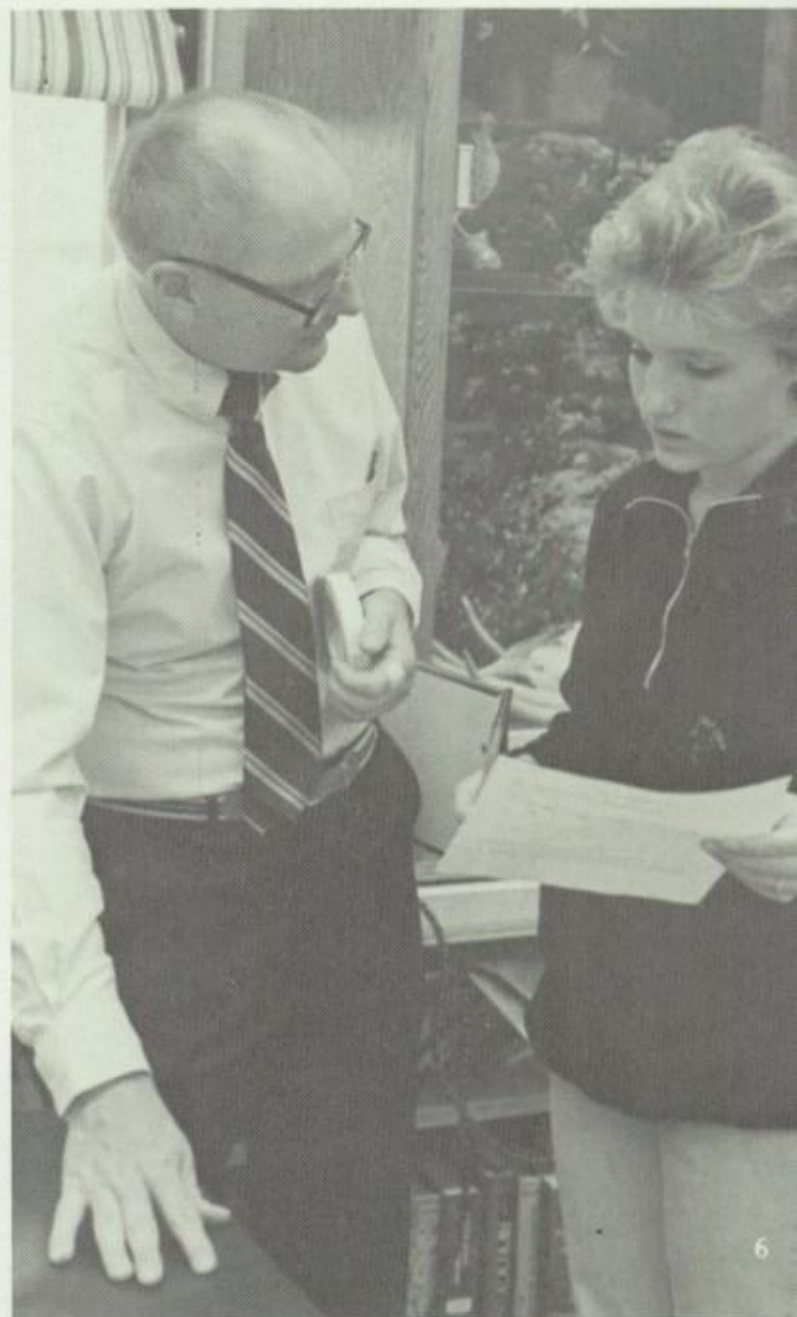

According to Larry Petersen the Science Department has been seeing a "tremendous" increase in the number of students enrolling in science classes. He attributes this to the increased demand on the part of the colleges and universities which are now demanding that students have a wider science and math background than ever before in order to be accepted and be successful.

In the past if a student wanted to attend college the only major requirement was to have successfully gradu-

ated from high school and be able to pay the tuition. Very few had any science requirement at all. The 1988-89 school year will see new entrance requirements for both South Dakota and Wisconsin colleges and universities, for the first time they will require students to have 2 years of math and 2 years of a Lab Science. A Lab Science being a science course that has at least one lab experience per week. WHS offers 3 Lab Sciences they are: Physics taught by John Forsyth, Chemistry taught by Larry Petersen and Biology taught by Leo Peterson.

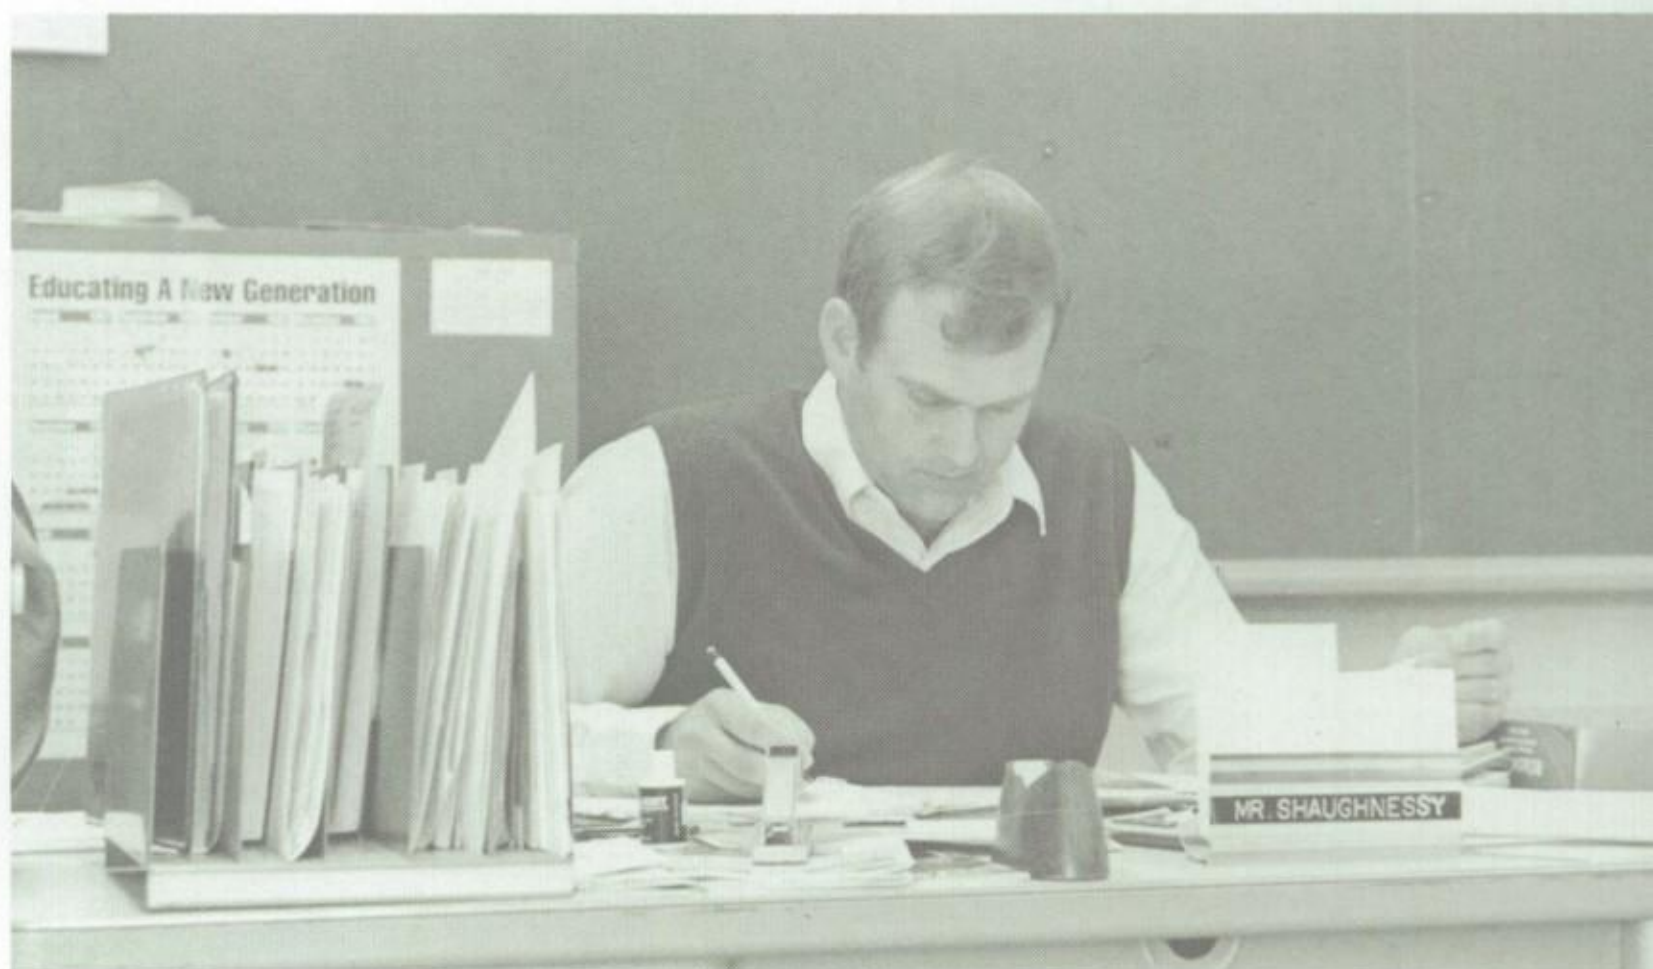

Larry Petersen also said by the year 1991 the University of Minnesota will also require 2 years of Math and 2 Years of a Lab Science. He also expected the high school to raise its requirements.

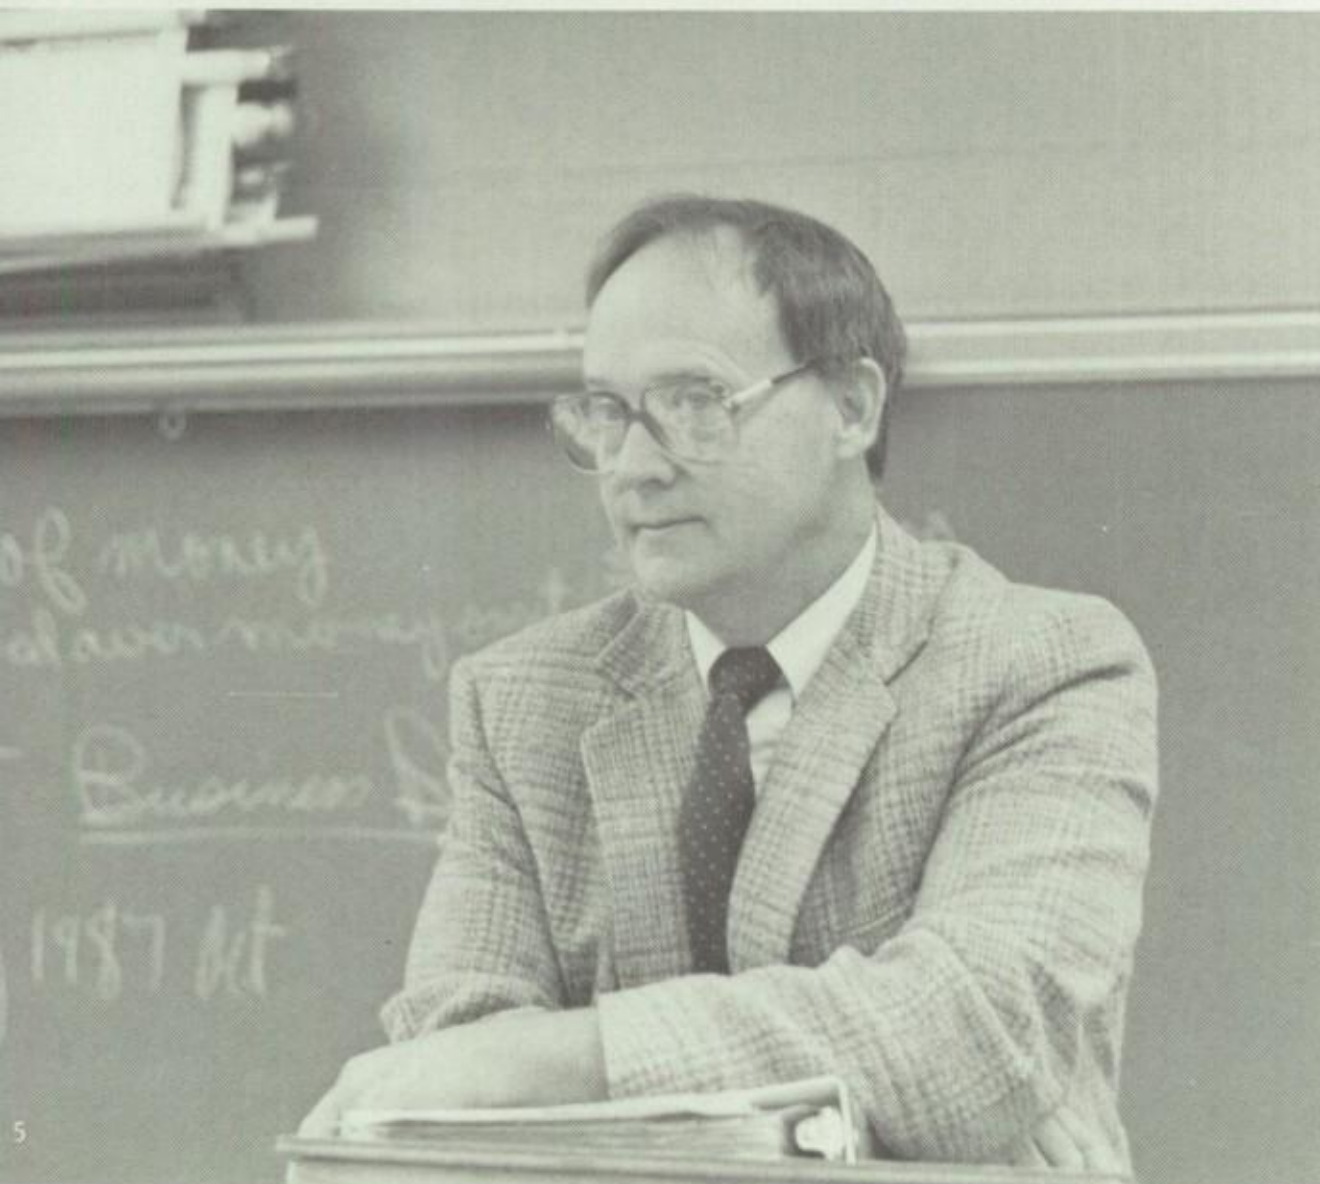

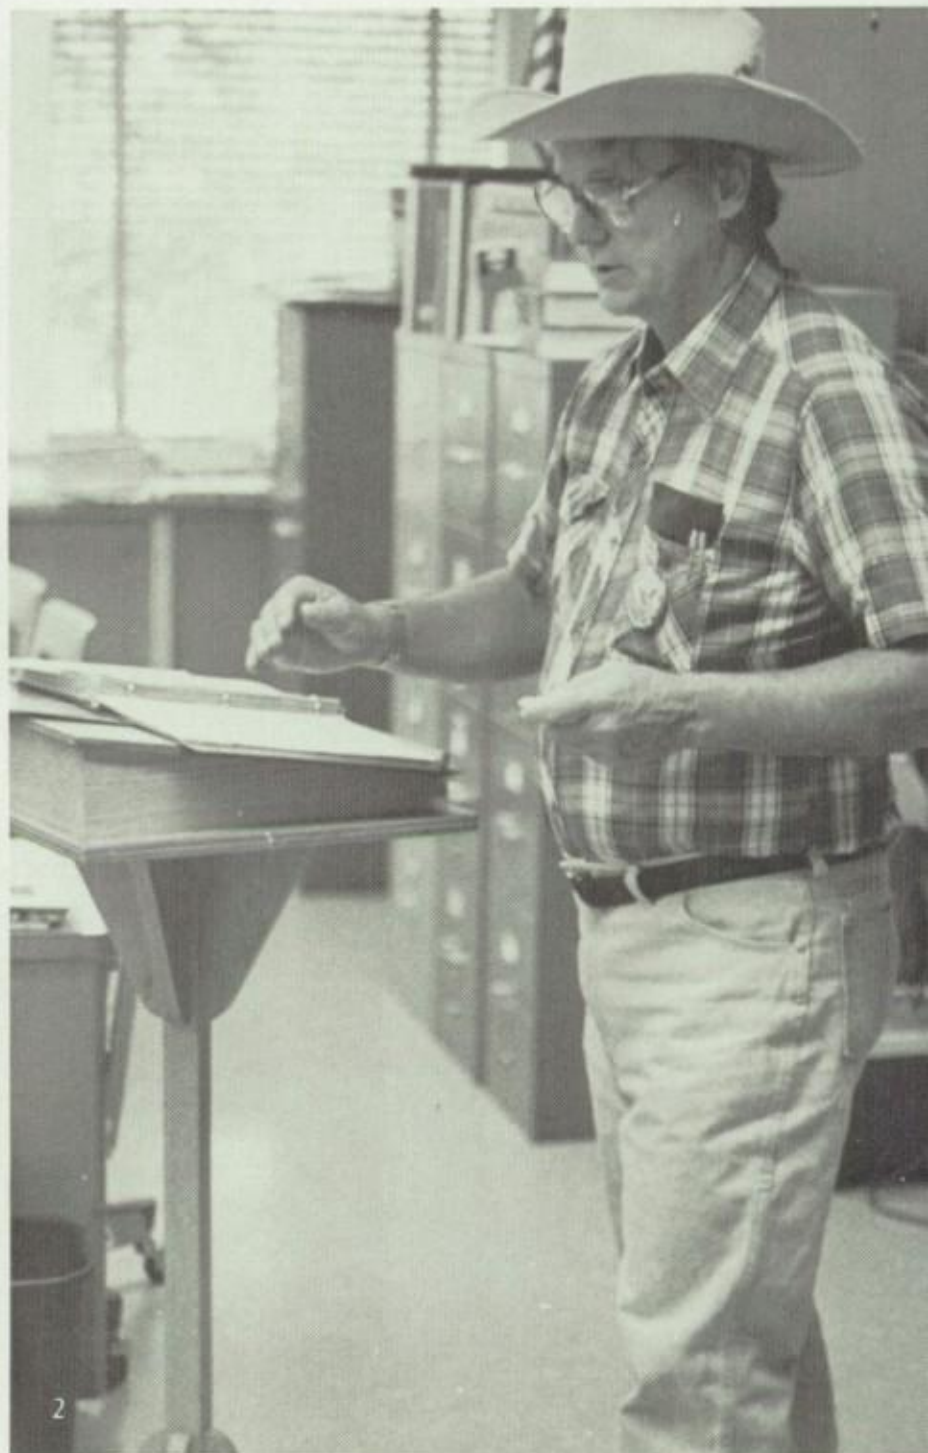

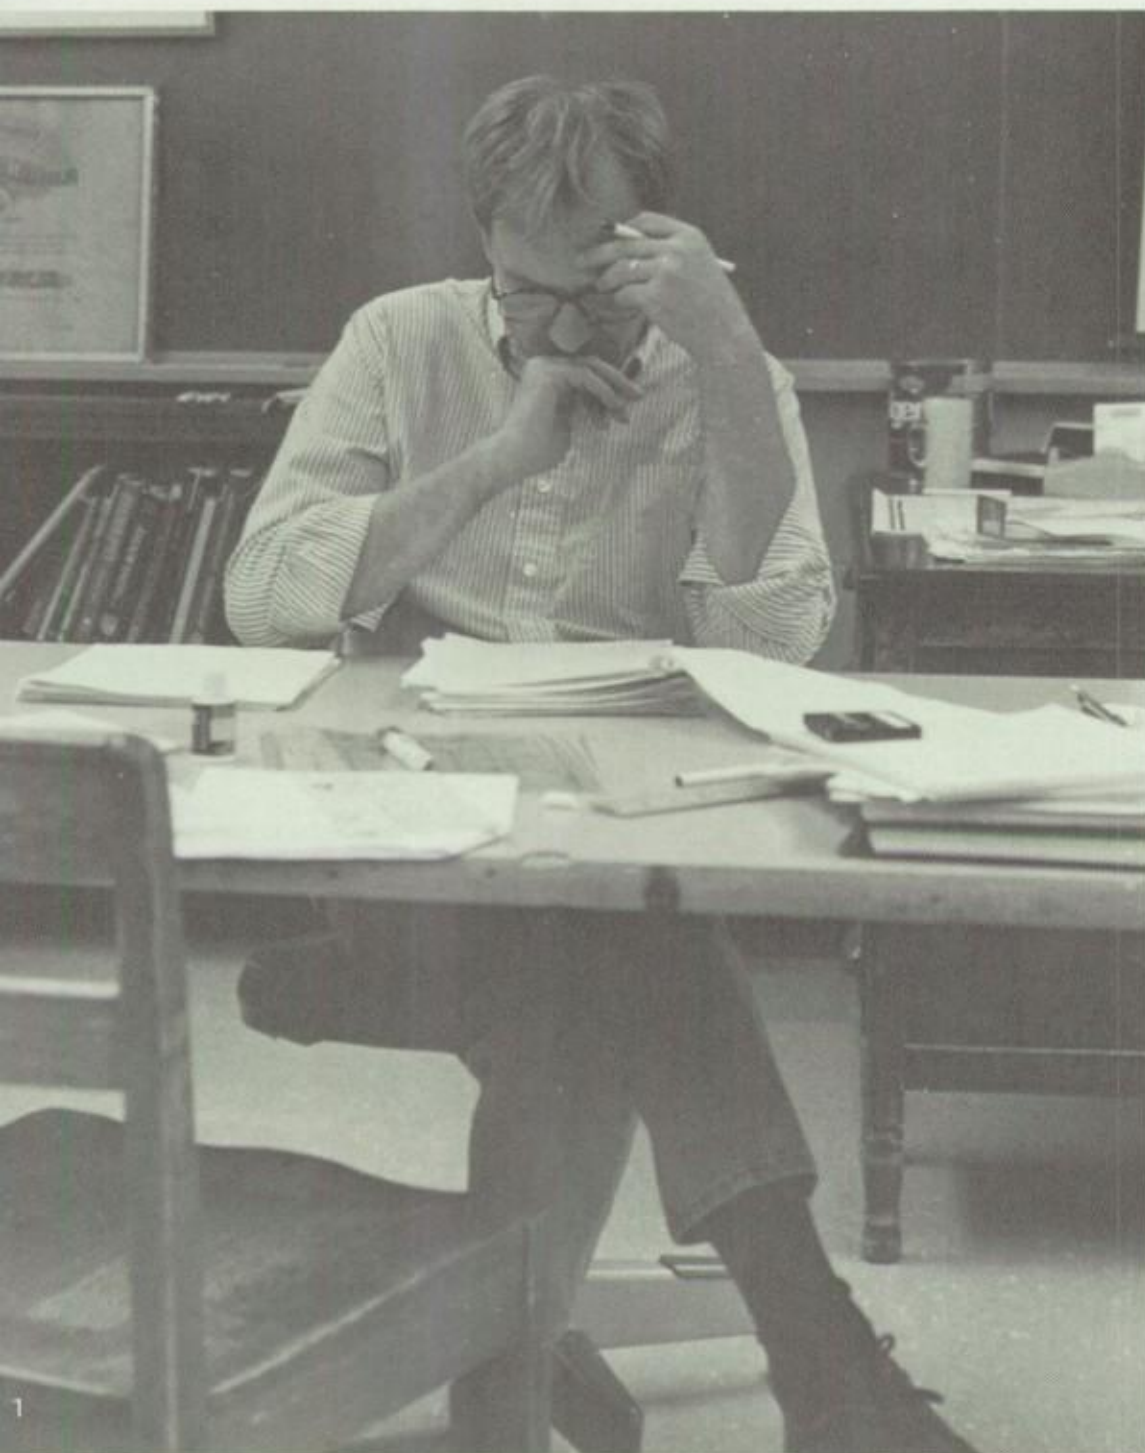

Reasons for the increase in entrance include wanting to give high students a taste for college as well as to ensure that students are of college material before they apply.

Social Classes Travel

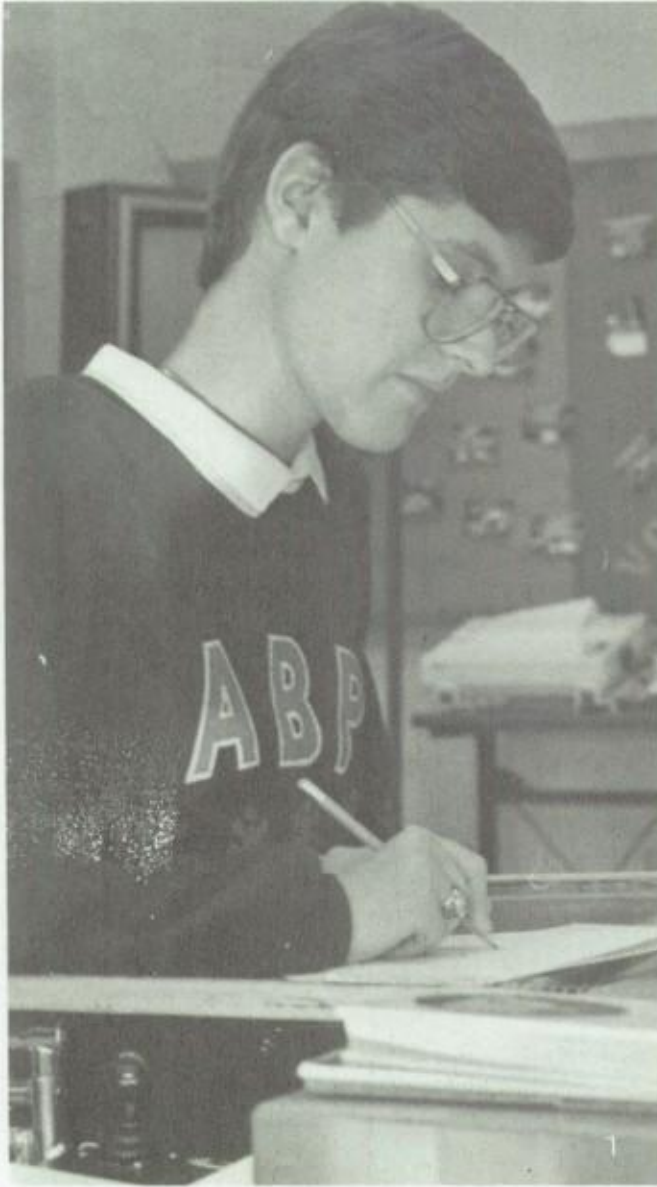

The Social Studies '87-88 school year courses consisted of sophomore social sciences, Anthropology, Personal Finances, Birth of Western Civilization, Principles of Economics, Psychology, Students and their World, and American History since 1900, Persuasion, Southwest and local Minnesota History, and Sociology. The social teachers were Mr. Jim Gay, department head, Mrs. Mary Beth Blegen, Mr. David Copperud, and Mr. Pat Shaughnessy. The students were involved in classroom study and a variety of field trips throughout Minnesota.

2. Mr. David Cooperud corrects papers.
3. Department head Mr. Jim Gay displays his western spirit.
4. Mr. Pat Shaughnessy figures out grades.
5. Mr. Gay lectures during class.

WHS Mainstreams Lakeview

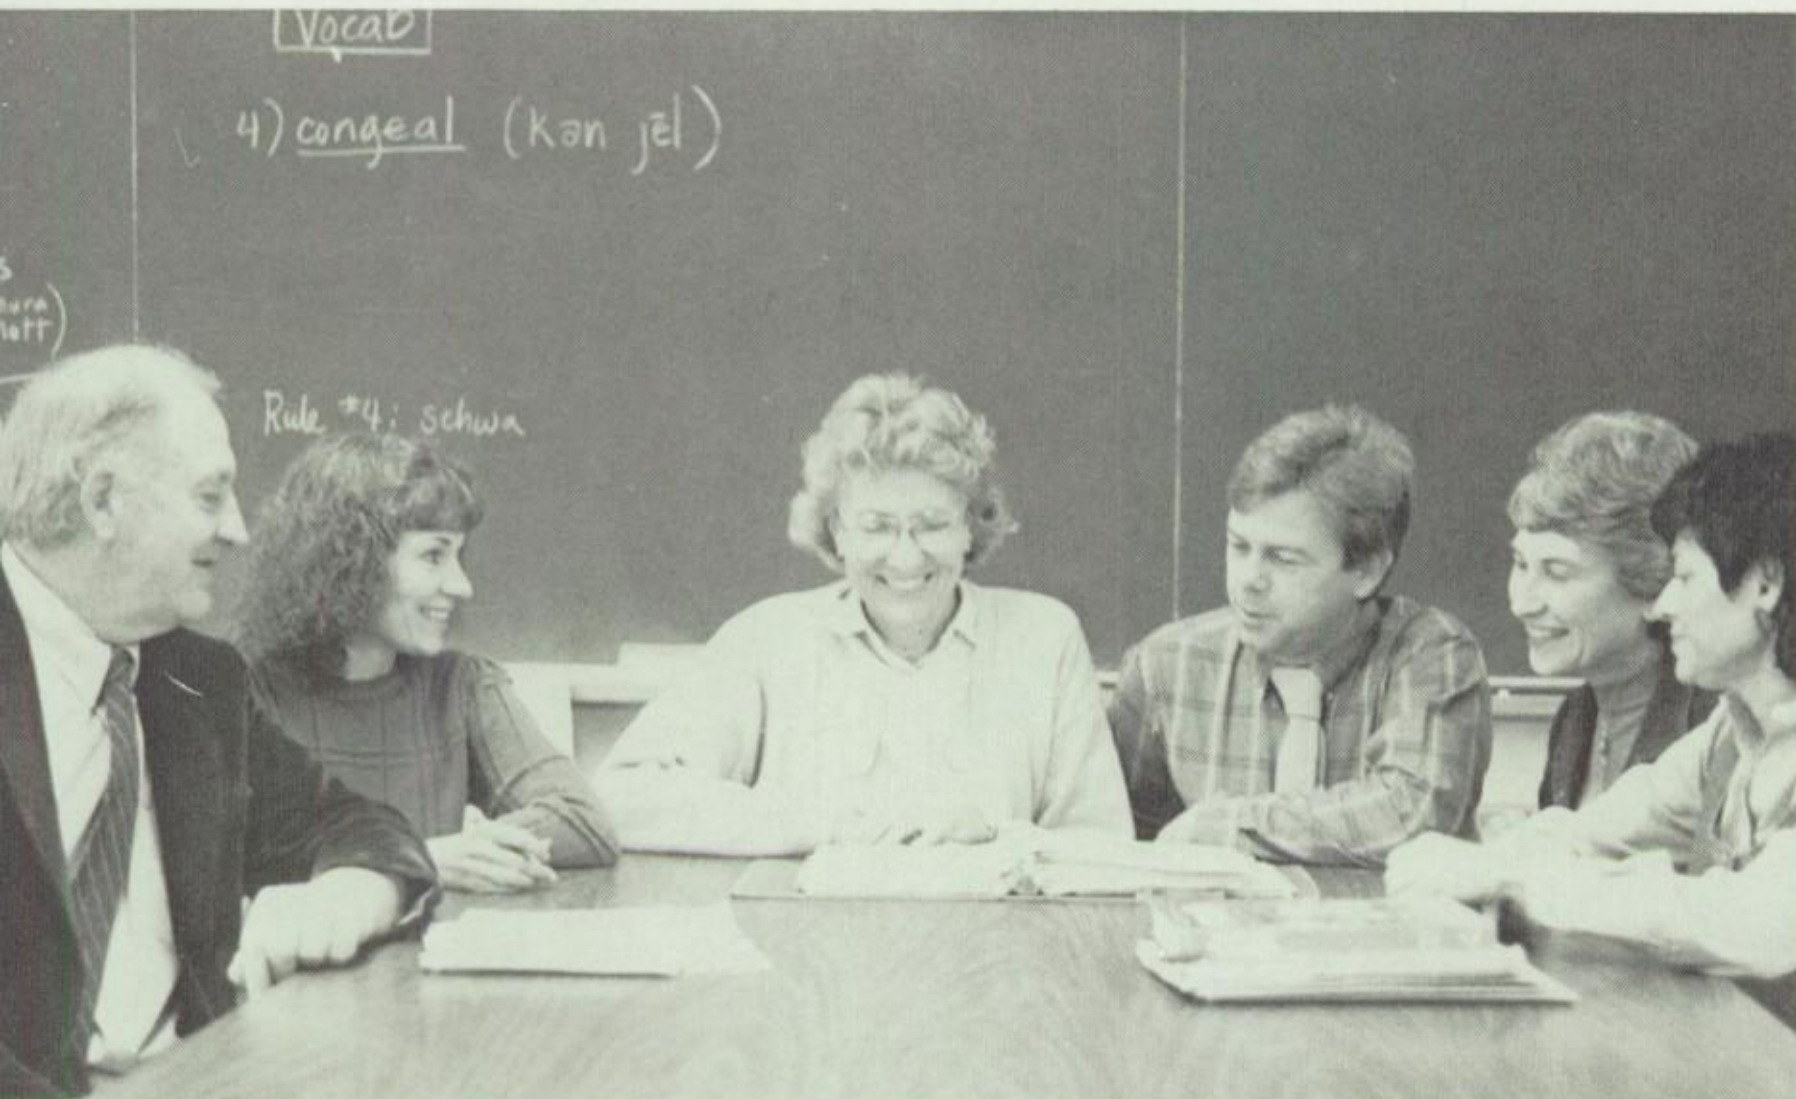

In 1988, Worthington Senior High School started to mainstream the Lakeview students into the general education classes. With this change, some of the handicapped students need help in their classes. The Lakeview staff and faculty is a dedicated group of people, some of who go to help each student in their classes. The members of the special services group include Tim Weg, Nancy Bendamer, Donna VanNess, Lona Wiese, Sandy Dickson, Barb Adams, Diane Dubbelde, and Marla Somnis.

Daryck Neubarth concentrates on his work. Left to right are Tim Weg, Lona Wiese, Marla Somnis, Donna VanNess, Nancy Bendamer,

Barb Adams, and Sandy Dickson. Marly Gavin instructs Lisa Turbes.

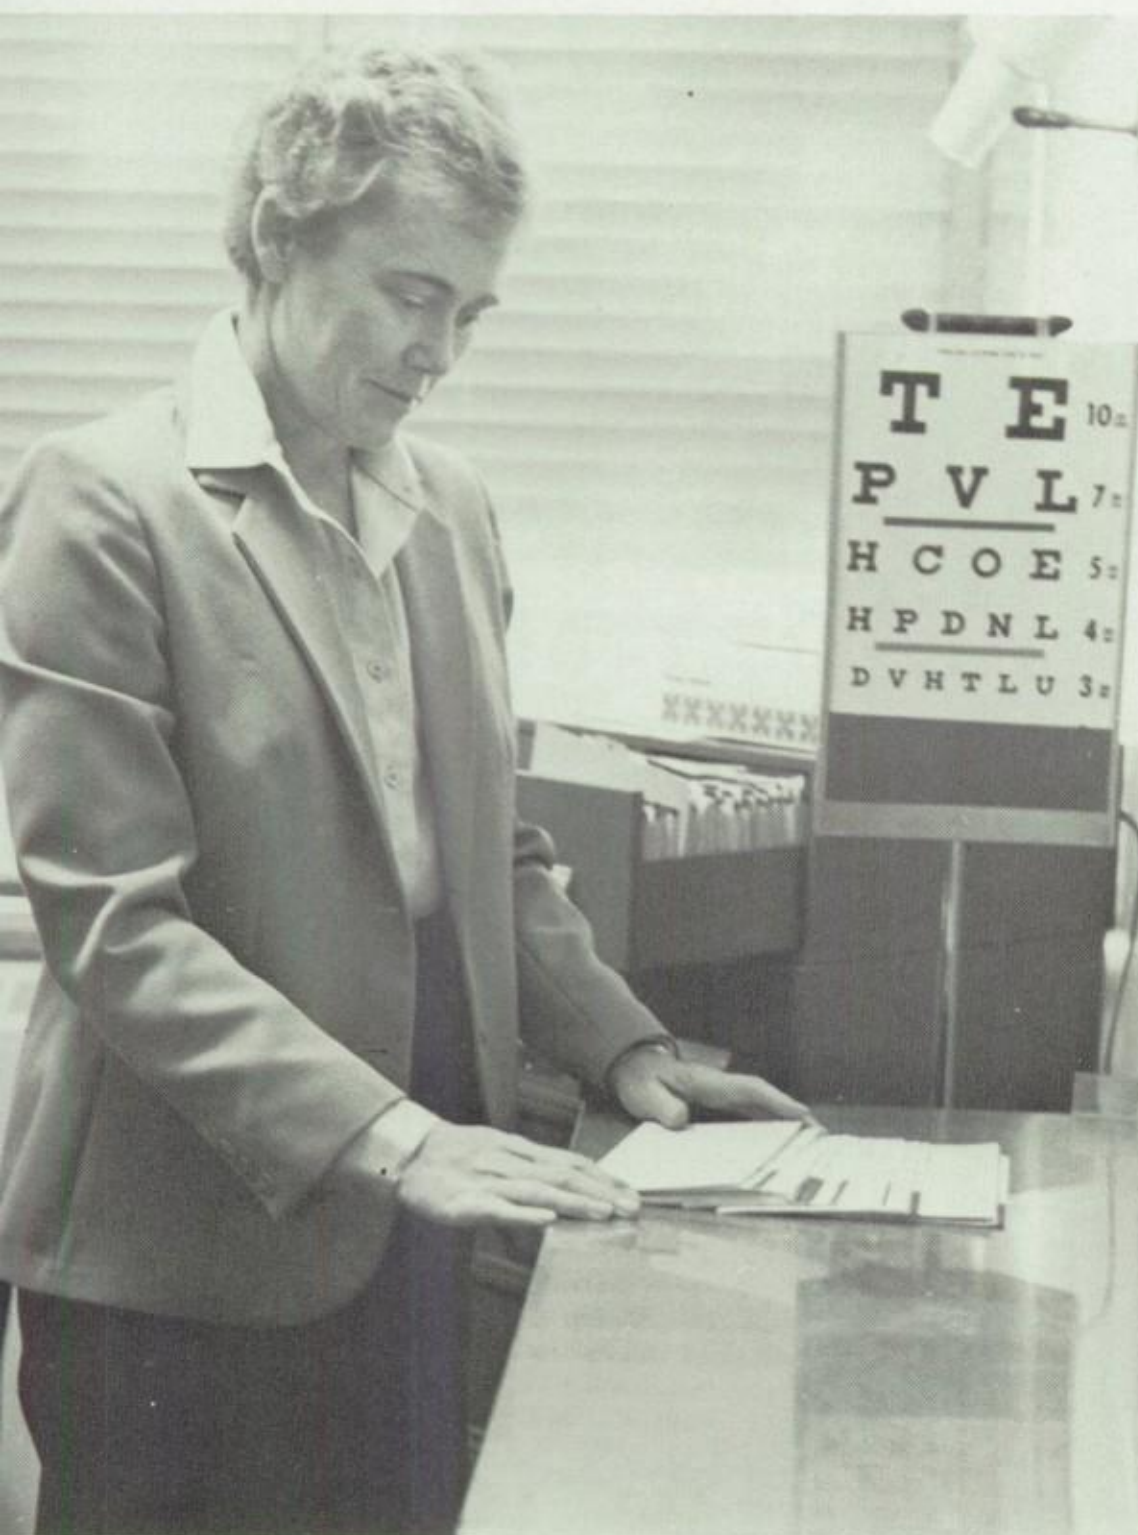

Kind Ear Offered

Betty Buchele and Duane Fish, counselors at WHS, spend most of their time with personal and academic counseling. They also do test interpretations and help with testing. In the summer they help with the incoming seniors or in other words, present juniors and their parents.

Fish spends nearly twenty percent of his time with the Peer Counseling. The twelve students enrolled in it go to either of the two grade schools or Junior high school. Another twenty percent of Duane Fish's time goes with help on the High School/College option plan. He helps with screening new students and helps to make their schedules which have to be made every three quarters, fall, winter and spring.

Betty Buchele helps with chemical dependency and financial aids, along with personal counseling.

1. Duane Fish, Dee Hale, Marlene Swanson, Dave Todryk, Betty Buchele and Rosemary Loveless converse at a meeting.
2. Nurse LaDonna Bergeson prepares files for the eye test.

Administration In 2nd Year

1. Assistant Principal Rex Hein admires junior, Steve VonHoltum's art work.
2. Principal Bruce Blatti is in his second year in WHS administration.

After beginning his second year as WHS principal Mr. Bruce Blatti had become acquainted with the school, staff and students and has become a member of the institution.

Mr. Blatti said his major objective for the '88-'89 school year was, "to consider and determine the educational needs of the students for the 1990's and into the year 2000 and to provide the learning experience and opportunities our students will need as a graduate from WHS."

Mr. Blatti said, "Being around young people and seeing them succeed,

working with a staff that really cares about the students as the WHS staff does" has become the best part of his job.

Since 1979 Mr. Rex Hein has been the Assistant principal at WHS. Some of his duties include student discipline, keeping attendance records, he is the administrator of the athletic budget. He has also made many appearances on trojan magazine.

The most enjoyable part of his job he said is, "I don't have the same thing everyday; it is always something different and exciting."

Clerical Aides '88

One wouldn't know of how much work really lies behind being a secretary at WHS. The secretaries have to handle a lot of computer work, put up bulletins, use the intercom, write passes, and phone parents. Barb Westphal, who has worked here at WHS 13 years, said the best thing about being a secretary at WHS is "working with kids at the senior high level. There's never a dull moment!!"

Dorothy Lease has been here at WHS for 9 years. She said she likes most everything about her job. Gail Buysse can be found in the nurse's or counselors' offices. Some of her duties include making appointments for the counselors, contacting parents when necessary, and handing out aspirin.

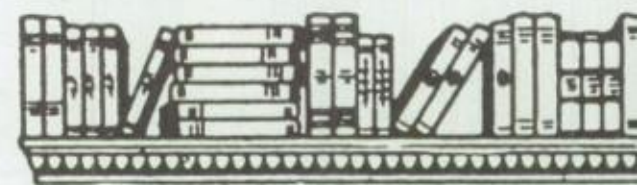

This year one may have noticed a new face in the office. Gayle Lutteke is new here from Hutchinson, Mn. where she was an office manager for Cenex/Land O'Lakes, Inc.

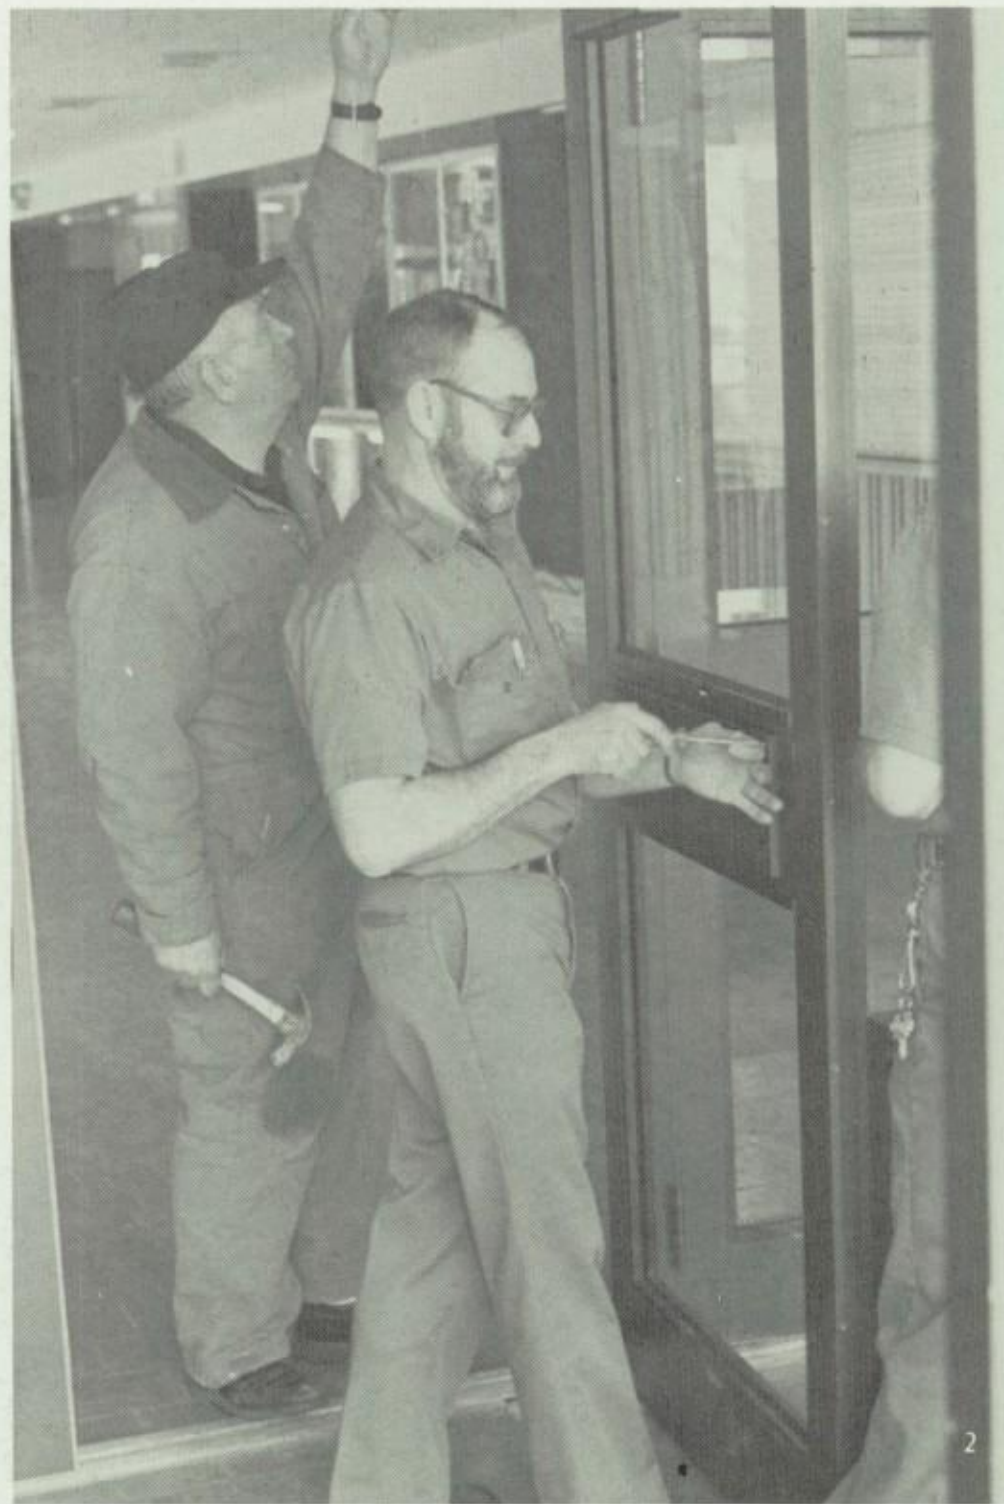

1. Gail Lutteke poses for the camera.
2. Gail Buysee, Barb Westphal, Dorothy Lease, Gail Lutteke take time out for a picture.

2. Stacey Roberts takes time out to have her picture taken.
3. WHS Librarian, Bill Johnson takes time to rearrange some books.

Support Staff '88

The 1987-88 school year was busy for the WHS custodians with the installment of the new doors. The doors were ordered from TSP Design Firm out of Souix Falls. The doors are supposed to give the school a more modern look and be more energy saving because of the thermal insulation.

The National School Lunch Program was established in 1946 to safeguard the health and well being of our nations children. The WHS cooks serve about 333 meals a day. Our district spends an estimated amount of \$550,000.00 while the USDA spends about \$70,000.00 a year.

Twice every month the students of WHS look forward to reading their school paper, the Worthington High Star and district 518 Newsletter, which is published by its staff.

A majority of the students said they enjoy reading the "Question of the Month", where students are asked a particular question and their responses are published in the paper. There are also special interviews, like the Dolly Parton interview which editor-in-chief Michael Petrich pursued. There are also sports, movie reviews and a special two page Athletes of the Week for that month.

This year a ruling was upheld in the Supreme Court that allows a principal of the school to censor any artical that he feels should not be printed in the paper, yearbook, cable T.V. or a dramatic production. Whether this will restrict some of the future issues, remains up to the principal, Bruce Blatti.

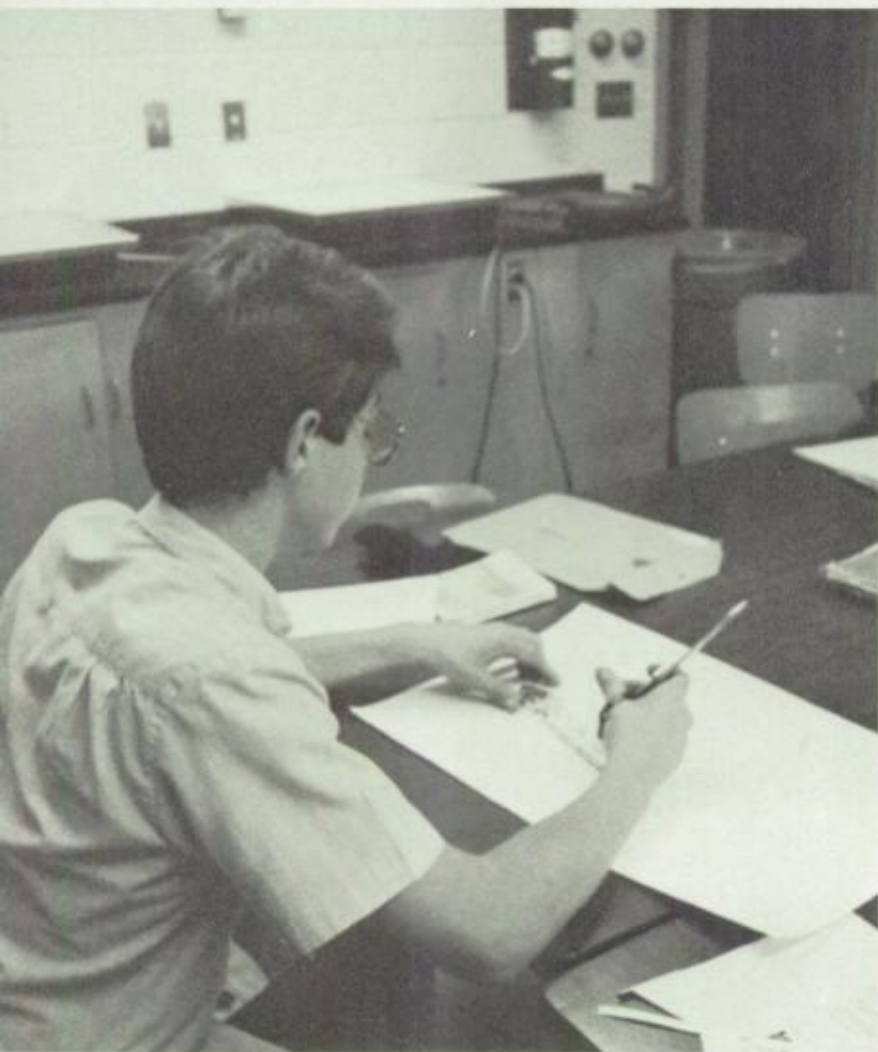

This year the staff took class trip to Minneapolis-St. Paul March 2-3. While they were there they interviewd Senator Jim Vickerman, Attorney General Skip Humphrey and Appellate Judge Gary Crippen, formerly of Worthington.

During the course of the year, students worked on layouts, copy, captions and headlines to prepare the 1987-1988 Trojan yearbook. In the beginning part of the year the Trojan staff went to WCC to explore putting the yearbook together.

The supreme court law which effects the school paper also effects the stories for the yearbook.

Other ways were the ever popular penny tape, where students saved up their pennies and put them together as a class, the seniors prevailed with the most pennies.

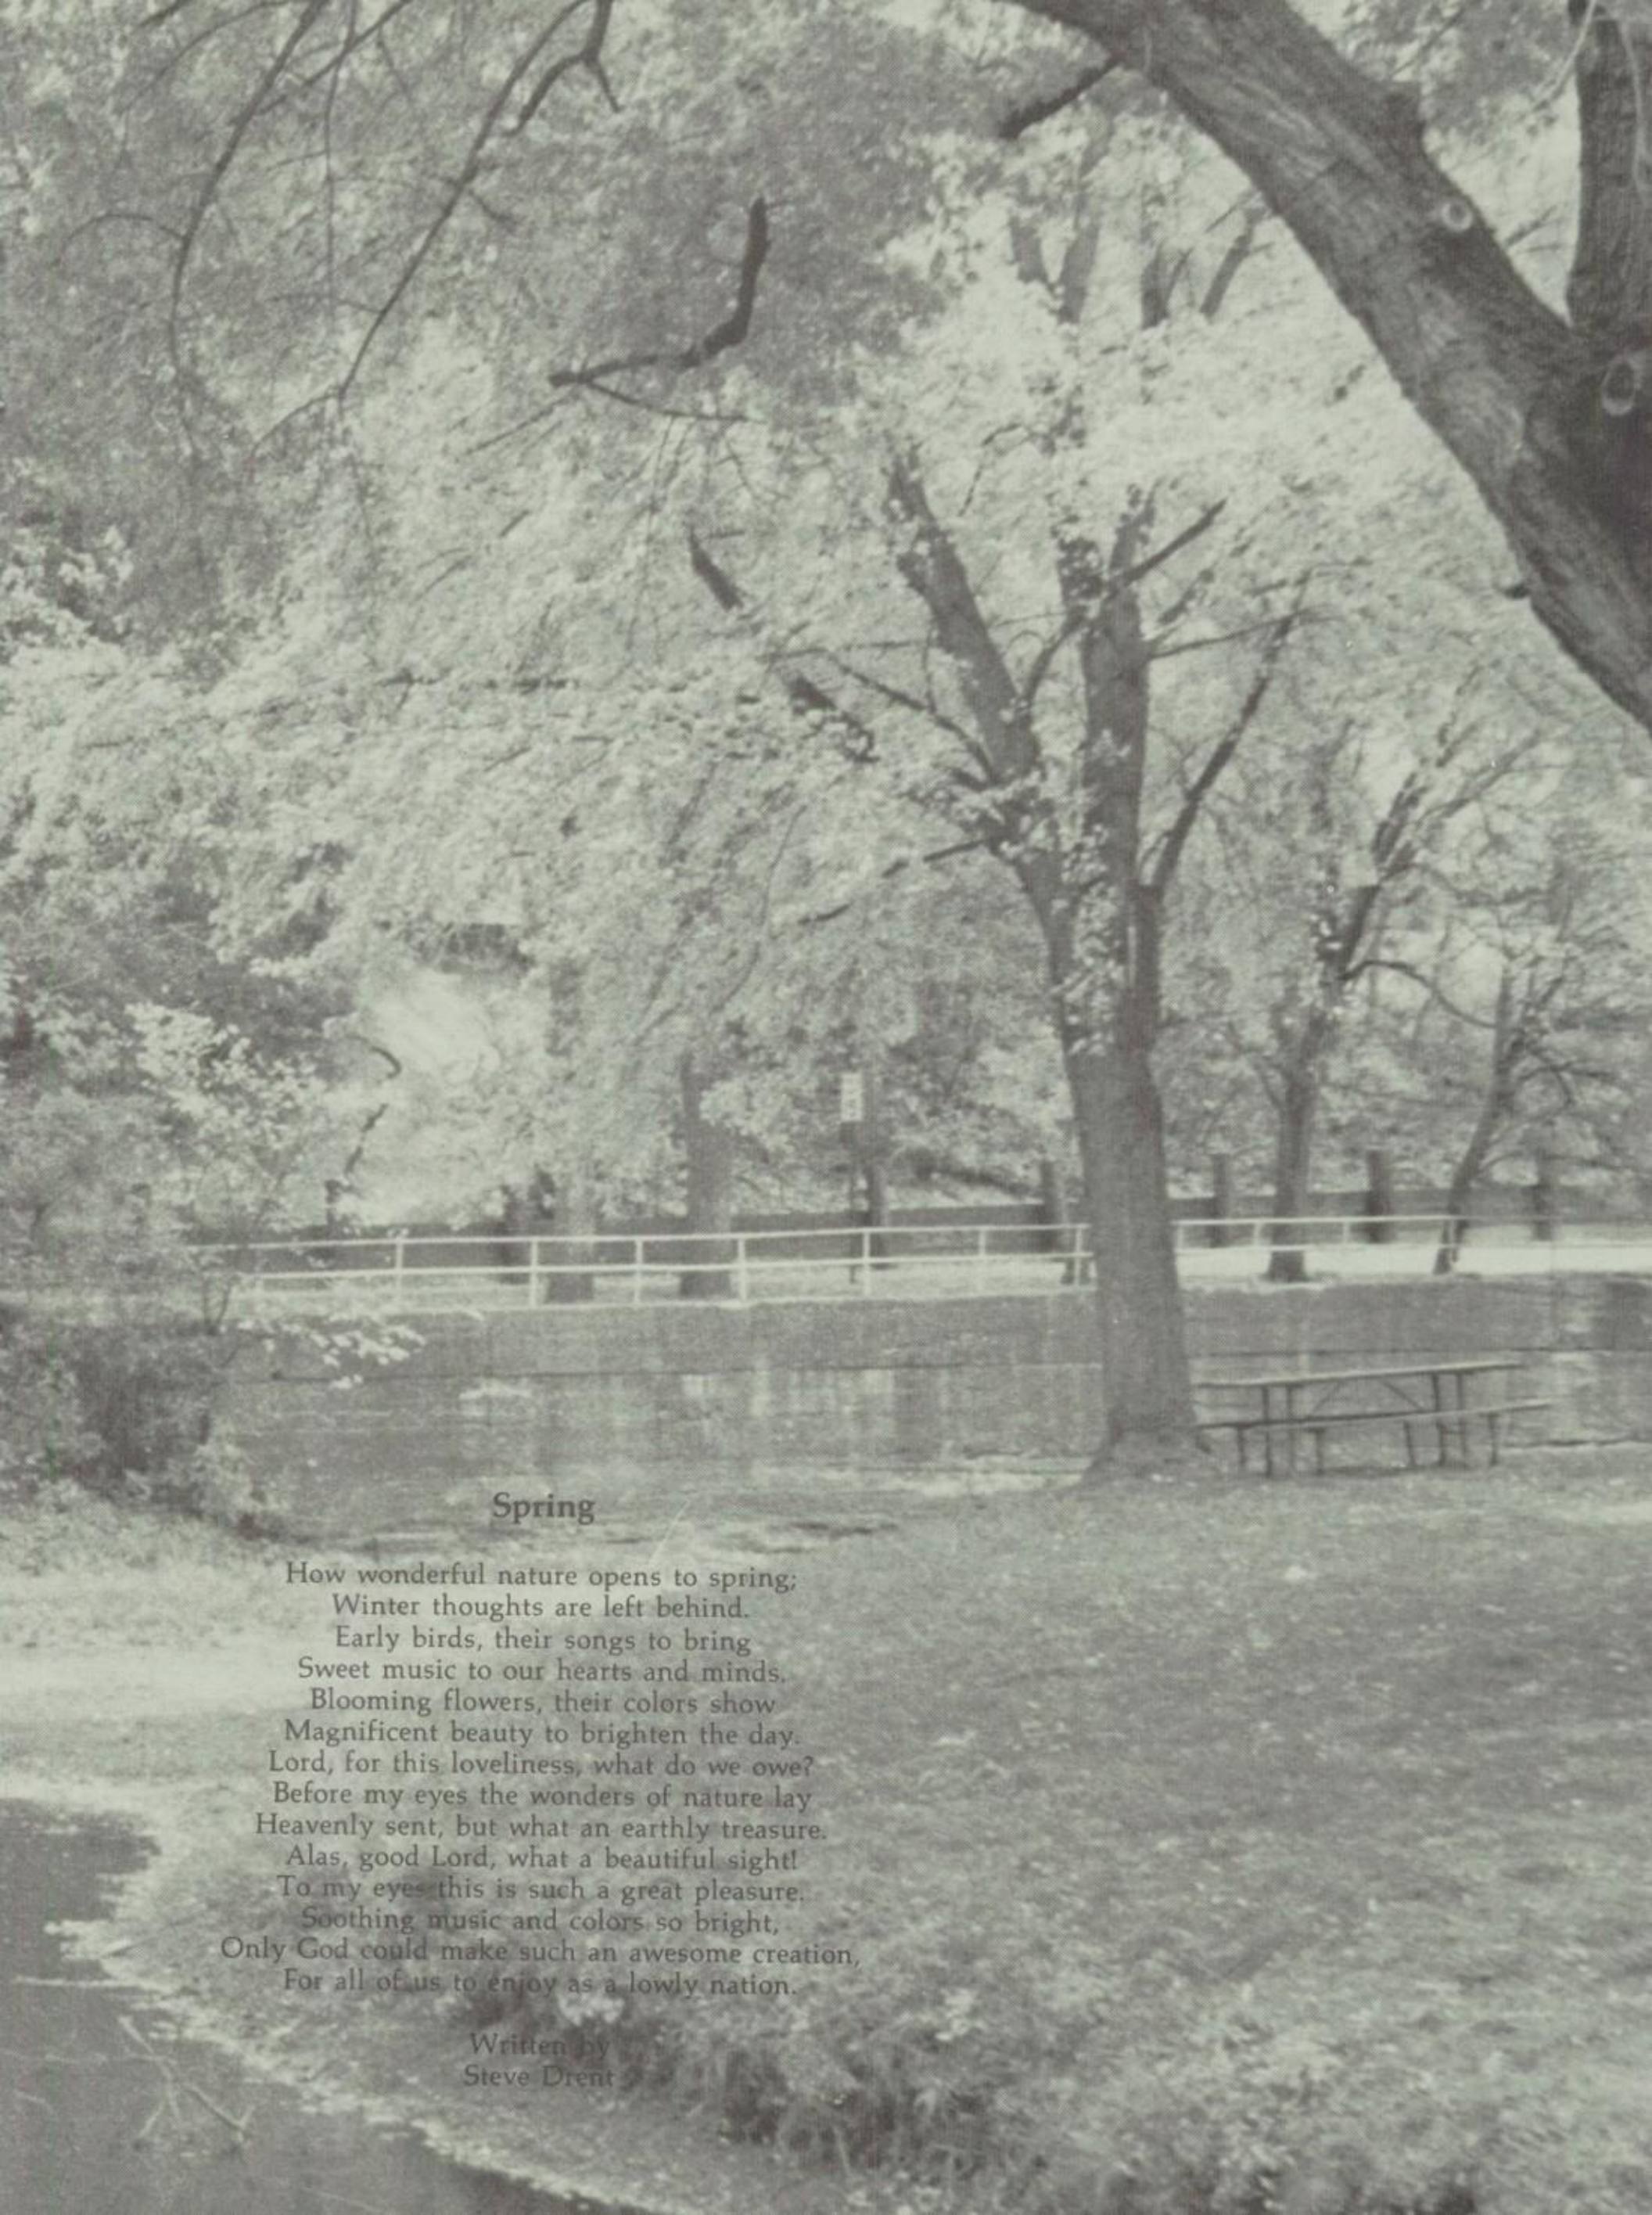

The goal was to reach \$2,500 for this year, this was a few hundred more than last year. The total amount raised from this fund raiser was \$2,658.19. A dance was also held and canned goods were received for the local food shelf.

Spring

How wonderful nature opens to spring;
Winter thoughts are left behind.
Early birds, their songs to bring
Sweet music to our hearts and minds.
Blooming flowers, their colors show
Magnificent beauty to brighten the day.
Lord, for this loveliness, what do we owe?
Before my eyes the wonders of nature lay
Heavenly sent, but what an earthly treasure.
Alas, good Lord, what a beautiful sight!
To my eyes this is such a great pleasure.
Soothing music and colors so bright,
Only God could make such an awesome creation,
For all of us to enjoy as a lowly nation.

"Trojan Express", says Dave Blegan, "is one more opportunity for kids with special talent to express it, or make music."

Tryouts for Trojan Express require the experience or ability and the willingness. When Blegan said willingness he meant commitment. The Trojan Express practices two times a week but can become complicated with other involvements. They have to really be interested in it. They also must have the right personality to get along. Blegan stated, "This years group especially gets along well."

They are allowed to suggest music. "Darrin Selberg loves the Nylons but there isn't many music arrangements out because they're new," said Blegan with a smile. Trojan Express does a variety of Music from Literature to pop. "You don't just hear it on the radio and say, we're gonna sing that," said Blegan with a small chuckle, "It takes alot of time to choose what music to use." Blegan spends alot of summer time arranging music together and the years events for Trojan Express.

FHA Earns Trip

The 198788 F.H.A. members worked hard during the school year. To qualify for the spring trip up to the cities each member had to sell six boxes of candy bars apiece. Plus they had to work in the concession stand during school sponsored activities. All that hard work paid off though, when they took their spring trip up to the cities. They visited Bachman's one of the worlds largest floral shops. Plus they had the privilege of attending the Twins season opener. The F.H.A. members also found a little time to get some shopping done. To top off their fun and exciting trip on their last night up there, they attended the Chanhansen dinner theater.

F.H.A. has been at W.H.S. for thirty-six years. Marj Mews this years advisor, was a member of the first F.H.A. that began in 1952. "The kids that take advantage of F.H.A. really learn alot!" stated Marj Mews.

Congratulations, Class Of 1988

The graduating class of 1988 started off the year by ordering announcements and class keys, then they measured for caps and gowns. On April 29 the Junior-Senior prom was held. The next thing on the agenda was Senior breakfast and Senior day on May 27. Baccalaureate followed and the final step was commencement on June 5 at the Worthington Senior High.

These graduating activities were not the only thing on Senior minds, they had to look ahead and plan for college or Vo-Tech. They also were busy applying for scholarships and applications.

During the course of the year, a majority of the class enjoyed the pleasures of being Seniors as they took "Senior Sign Out." They had an hour free during the course of the day.

Senior Activities found on page 144-147.

The Time Of Our Lives

The 1988 prom banquet was an hour full of laughs. The tickets were \$5.50 which included dinner and entertainment. Seniors Say Goodbye

It was June 5th, 1988. A hot dusty afternoon that seemed wouldn't end. Approximately 1:50 p.m. senior students gather at Worthington Senior High for their very last time for graduation commencement. It was sad, but joyous day for all who attended.

Charley Herrman was the guest speaker, with great enthusiasm he spoke about "Once in a lifetime." He spoke on two points: 1. You have the ball in your hand, now what are you gonna do with it? 2. Half the fun is working to get to your goal, not necessarily reaching it. He said that he was 60 years old but he felt almost 16 celcius. He wouldn't mind going back and reliving it.

Highest honors received their diplomas first, these included Philip Ebeling, Drew Rutherford, Abbey Craun, Maria Fuerstenberg, Margo Townswick, Troy Ackerman, Darren Selberg, Jean Pass, Stuart Groninga, Gary Inman, Nicolle Anderson, Laura Brandt, Jennifer Dekker, Bruce Forsyth, Mark Henning, Michelle Hodge, Andrew Hoevet, Lori Hyink, Steffen Kuronen, Trent Leopold, Chad Mammen, Kristen Olson, Lara Olson, Keith Pospisil, Erica Rubis, Brian Seesz, and David Thier. The 166 graduates remaining followed alphabetically.

The class flower was the red rose. Our class motto was "In our hands we hold

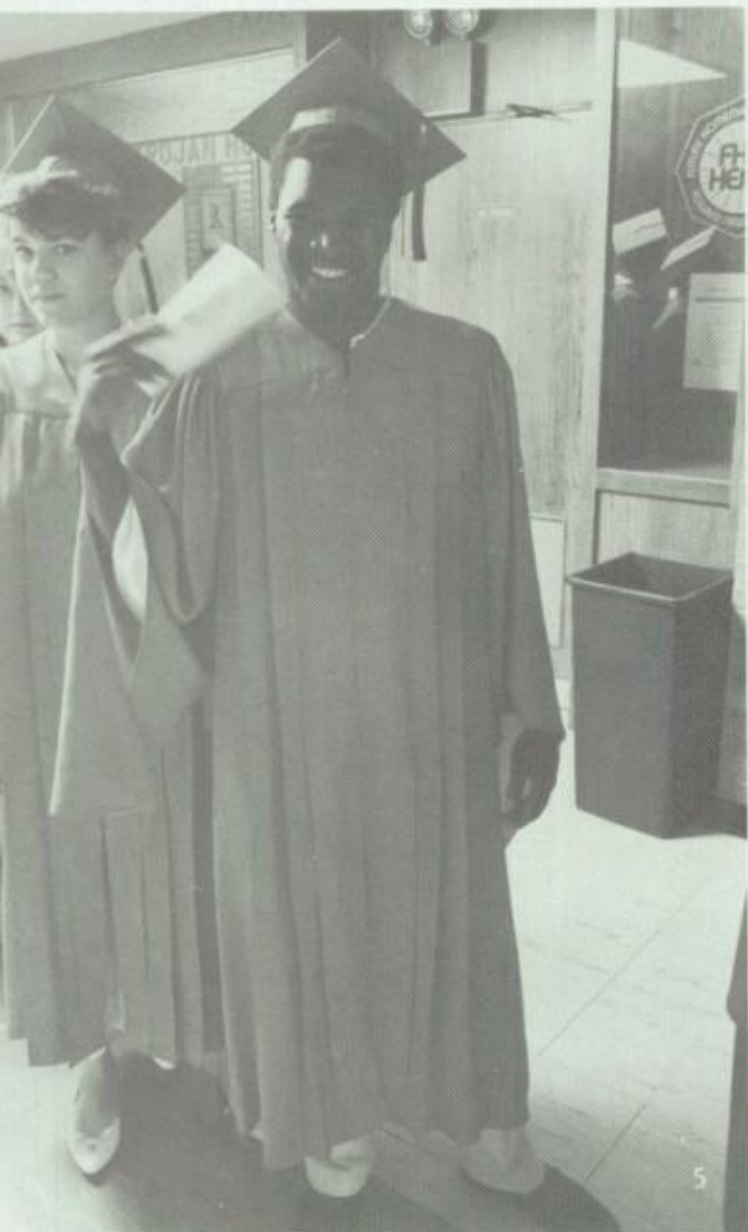

today, in our dreams we hold tomorrow, in our faith we hold forever." "I present to you the graduating class of 1988." Quoting Principal Bruce Blatti.

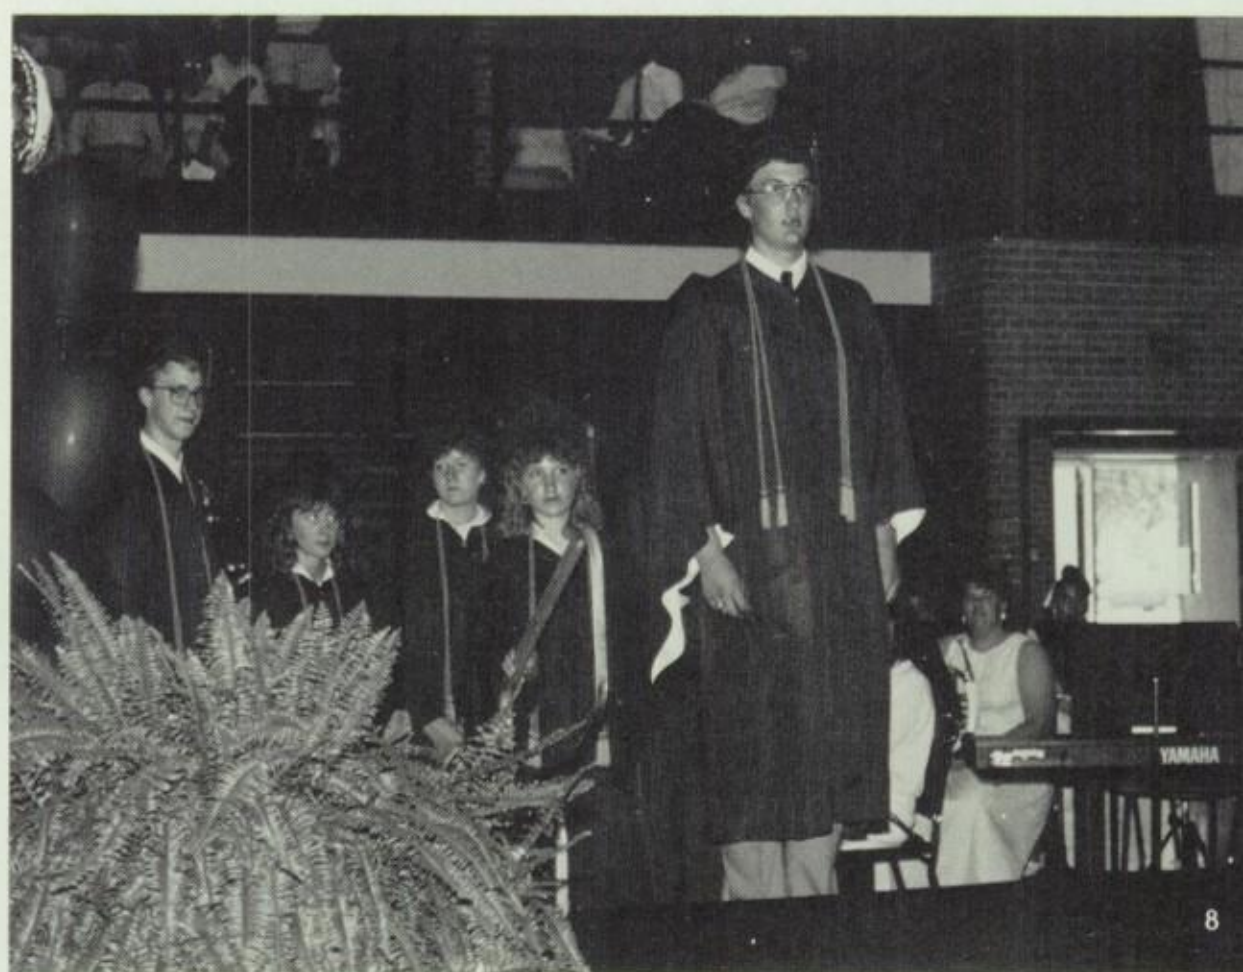

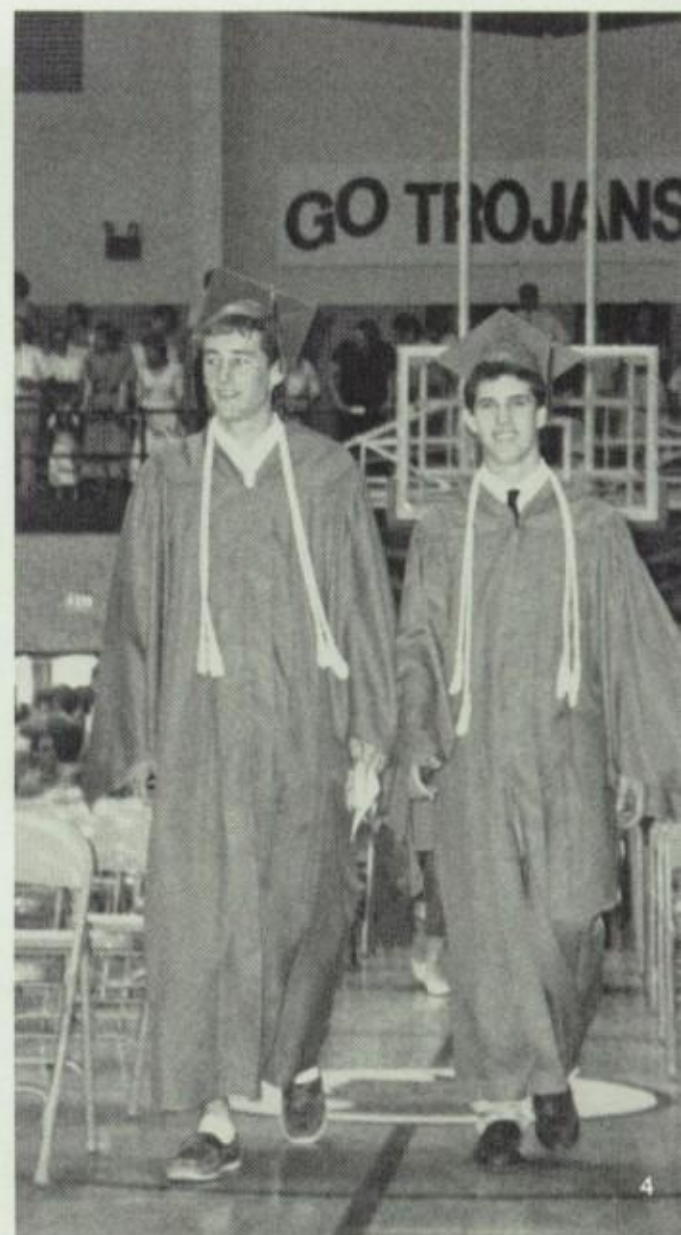

1. Tonya Marco and Lisa Handevitdt congratulate each other with the WHS Trojan. 2. Amy Doeden and Melissa Decker anxiously wait their turn to cross the graduation stage. 3. Senior Drew Rutherford receives a \$500 dollar gift certificate from Computer Advantage, presented by Mr. Markman. 4. Jennifer Dekker embraces Bruce Forsyth prior to graduation exercises. 5. Official dignitaries at the 1988 Graduation ceremony were Principal Bruce Blatti, Superintendent Dr. Dale Jensen, Rev. Bill Blundell and Chairman of the School Board Alvin Gruis. 6. Special music at the 1988 graduation was provided by an original song and lyrics, "Take a Chance on a Dream," written and arranged by Michael Petrich and Melissa Henning, with backup provided by the Concert Choir. 7. Amy Oberloh releases pre-graduation frustration. 8. Sue Heinrich, Bret Heig and Keith Heidebrink "see no evil, hear no evil, and speak no evil." 9. Josten's magnate Charley Herrmann was the honorary speaker.

Yesterday for Today

Our friendships began as children
The infants of yesterday,
We have learned and grown together,
To become the educated of today,

Wherever you go or whatever you do,
Just think of it as time away . . .
To be yourself, to know yourself,
You will be you, and I will be me.

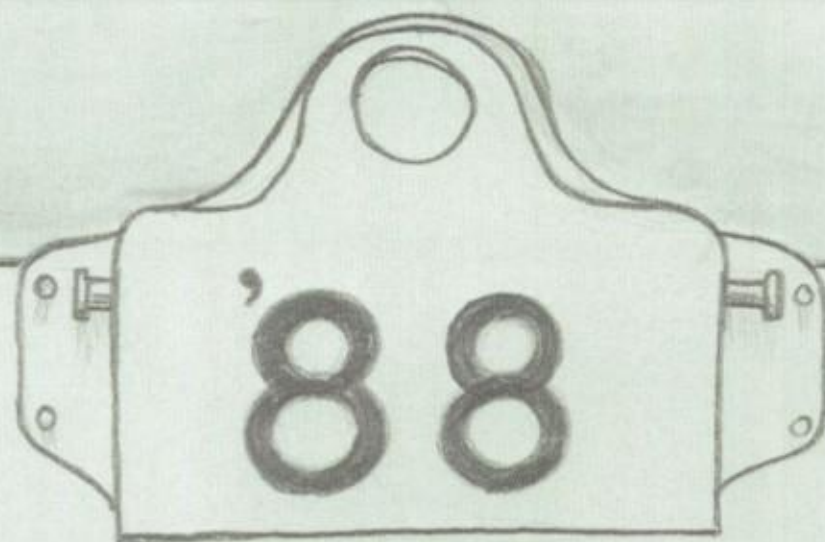

1988''

For someday the pain will go
And you will finally see,
What before you did not know,
Our parting was meant to be.

And always remember, because you
Are my friends,
As the hopes and dreams of tomorrow begin . . .
The lonely nights will end.

Special Olympics Meets At Worthington

Let me win . . . But if I can not win let me be brave in the attempt. This was the motto the Special Olympic athletes used to compete in their events on Saturday May seventh. The bowling team of Chris Fraazse Keith Murphy, Kevin Vanderlinden and Jay Wieneke took first in the state. Each participant competed to their fullest ability.

1. Ron Donnay competes in the shot put May seventh, at the Special Olympics.
2. Tony Klaassen gets ready for the softball throw, while a volunteer judge watches on.
3. Randy Bittrich receives his award at the awards ceremony.
